Little girl lost

Campbell patrolman comforts a youngster temporarily separated from her mother at a local shopping center. In addition to investigating crime and keeping order, Campbell police also have a Crime Prevention and Delinquency Control program. Last year 15,739 youngsters and adults heard one of the 180 talks given by local law enforcement officers.

Pro and con discussed

Apartment licensing question goes to city council Monday

By GEORGE VIERHUS

CAMPBELL SHOULD NOT adopt an ordinance licensing apartments until the court settles the legal status of the Palo Alto on the subject.

That seemed to be the general consensus of the councilmen after the study session on the licensing issue held last week in the council chambers. Present at the meeting, along with the city officials, were representatives of both the pro and con sides of the controversial issue.

The council is expected to officially endorse such a policy at the meeting next Monday, Nov. 12.

However, some of the councilmen have indicated they want a "progress report" the situation in Cempbell with respect to what anti-discrimination measures, if any, need to be taken in the community.

COUNCILMAN RUSTY HAMMER, one of the youngest councilmen in the nation, maintains, for example, that apartment licensing is "worthy of consideration" as part of the overall discrimination problem.

"I am convinced," Councilman Hammer said this week, "that it is the responsibility of the city to be involved in the social problems of the people and the problem of discrimination is one of those areas.

"I am not necessarily convinced that the council should adopt the apartment house licensing ordinance as did Palo Alto," Hammer continued.

"Rather, I think that we ought to examine to what degree the problem of discrimination exists in Campbell, and once we reach that decision we should design a program which will best serve to combat the problem."

According to city officials, there have been no complaints of discrimination in Campbell to date.

HOWEVER, HAMMER feels that is not the point. "I believe, and I think that most people agree, Campbell has a large number of apartments, with more zoned to be developed. In addition, we have a large number of low-income housing in the city. What this shows us is that we have the potential for a problem, and that is reason enough to consider these proposals. I think that it is time for the City Council to act to deal with a potential problem, rather than to react when the problem is clearly evident."

Councilman Hammer has long been an enthusiastic supporter of the move to get the council involved in discrimination problems.

The entire council, however, is not in agreement with Hammer's position. The study session that was held last week on the issue was scheduled by a divided vote. Mayor Dean Chamberlin and Councilman Ralph Doetsch opposed holding such a session, especially while the constitutionality of the apartment licensing ordinance of Palo Alto was being questioned. Vice-Mayor Norm Paul and Councilman Bill Podgorsek joined Hammer in setting the study session.

AT THE STUDY SESSION, Mayor Chamberlin explained the purpose of the session and Hammer summarized the fair housing situation in the county. Hammer is this city's representative on the planning policy committee which has discussed and examined the licensing program with a majority of the members opposing any such program.

City Attorney Bob Dempster, at the study session, described the current legal status of the Palo Alto apartment house licensing ordinance. He said that it could conceivably go all the way to the supreme court before the matter was settled.

More than 20 people were in the audience at the study session, including both proponents and opponents of the licensing ordinance.

At the study session it was reported that a new assembly bill (AB 1187) has been introduced which may both clarify and strengthen the fair housing statutes.

Those speaking in favor of an apartment licensing ordinance included Pat Betts of the League of Women Voters; Dan Campos; Joe G. Lopez of the county human relations commission; Janet Owens of the Mid-Peninsula Citizens for Fair Housing; Betty Sellers of the county Human Relations commission and Sal Sunseri, of the University of Santa Clara.

Speaking in opposition were E.C. Christenson of the Tri-County Apartment Association and Fran Schulte of the San Jose Real Estate board.

Present also were most of the members of the city's planning commission and other city officials.

COUNCILMAN HAMMER plans to suggest to his fellow councilmen that the issue be referred to the Civic Improvement for study and recommendation to the city council.

Hammer maintains that the city should seriously consider the Palo Alto ordinance after it is ruled on by the courts. He says he feels the city needs to answer the questions: To what degree does discrimination exist in Campbell? Are there currently effective methods to deal with the problem? And should the city council deal with the problem now, rather than react to it later?

City may allocate $100,000 Monday

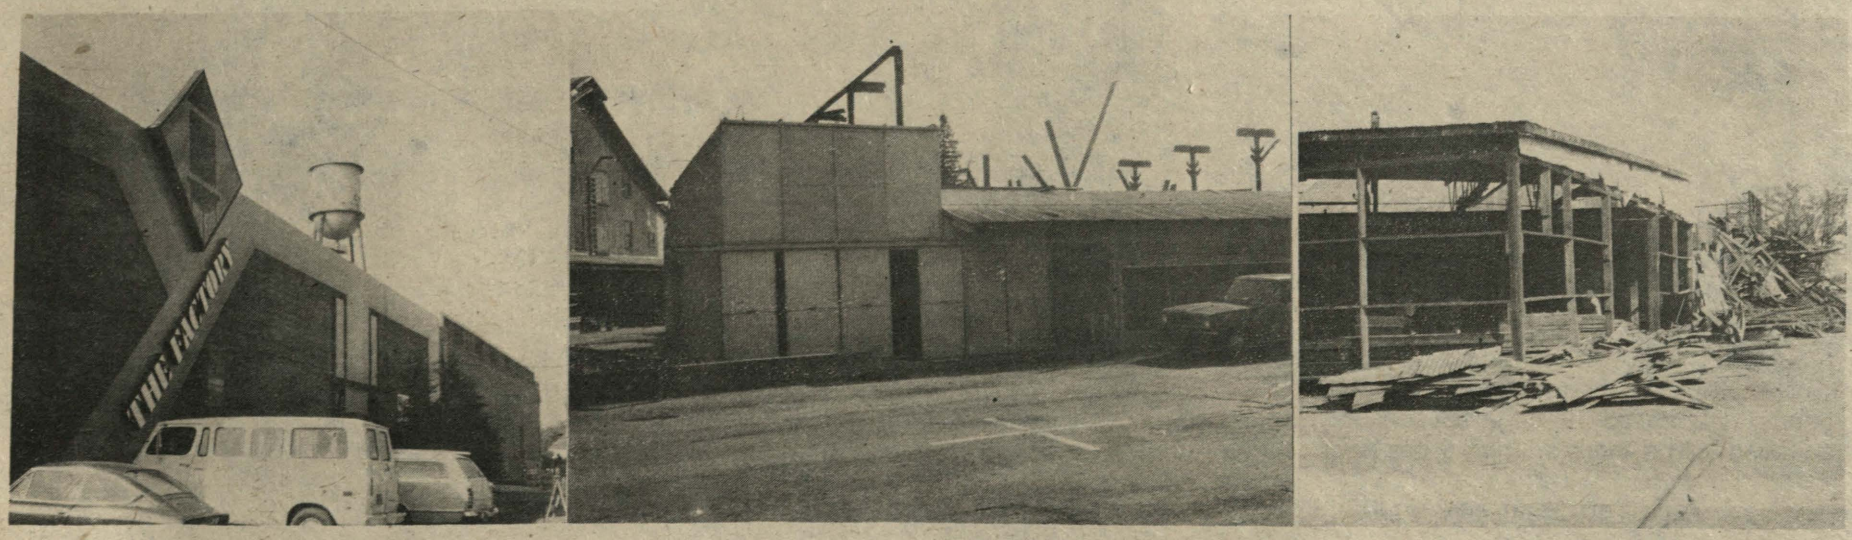
APPROXIMATELY $100,000 could be allocated by the city council next Monday, Nov. 12, from federal revenue-sharing funds held by the city, according to City Manager Bob Stephens.

All the allocations, except for an $8,400 item to pay off the service center, are either for the library or a library-related project.

Under federal regulations, revenue-sharing funds must be allocated at a public hearing called for that purpose.

Two of the projects, a community meeting room and an automatic sprinkler system for fire prevention, were included as "add-on" alternates when bids were called for the new library. The council had

(Continued on page 4)



ONE OF THE MAJOR PROJECTS in "downtown" Campbell and adjacent areas will be the "loop system." The plan line for the loop system was adopted by the city in 1969. Funds have been earmarked by the city for the acquisition of the right-of-way for the two one-way streets that will be constructed on either side of Campbell avenue from the railroad tracks to Third street. One section of the "north loop," between Central and First, was constructed when the city hall was built. Another section will be built between Central and Harrison by the time the library is completed. The "south loop" is important to the development of "The Factory", a cultural, commercial, entertainment and dining center which is being developed from the former Sunsweet packing plant (left above). The photos on the right are another Sunsweet building that is being torn down because it is in the way of the south loop.

Traffic a problem

Age requirement wins zone change for seniors complex

AT LEAST ONE occupant of each apartment of the 130-unit senior citizens complex proposed for the triangular parcel off El Patio drive must be 58 years old.

Otherwise the complex will run into all kinds of trouble with the city.

Or vice versa.

On Monday night the planning commission gave approval to the long pending application for a zone change submitted by R. Ferrante and J. Errington, representing a group from the Bethel Church.

The apartment complex calls for a much higher density than would be allowed under ordinary conditions. But approval was granted based on the fact that senior citizens would not generate as much traffic as other occupants would.

If the occupancy ever changes from senior citizens, more parking area will be needed and an additional access over the railroad tracks must be obtained.

The developers maintained that the complex would be structured for senior citizens and would not be desirable for any other people.

They agreed to the stipulations of the city with respect to a yearly "audit" of the occupants and cars.

They also agreed to the 58-year-old senior citizen definition.

IN OTHER ACTIONS, the planning commission approved a use permit for Ray Torres to allow the conversion of two residential buildings into offices at 280 and 290 W. Hamilton.

The commission approved the plans for a temporary office for the new Westlands Bank at 1777 S. Bascom but denied the application of Otsen Signs on behalf of Heaven Rest Waterbed Co., for a free-standing pole sign at 2053 Winchester.

The commissioners felt the sign was of a larger size than needed.

Approval was given Haig Sarkisian to construct a light manufacturing building at 186 Gilman. But the commissioners were concerned over the landscaping problems that could develop.

The building is on the creek and the planners wanted the parks and recreation people to look over the plans before the application goes to the council.

APPROVAL WAS ALSO granted the application of Milmar Development co. for a zone change at 665 Division st. to allow a townhouse development on the site.

The commission continued until Nov. 19 the long-pending application of Gold Seal Realty at 492 Nottingham to convert a residence into an office.

Continued until Dec. 3, was the request of Sunrise Investment co., for a zone change from R-M to P-O for property at 700 Gale ave. The zone change is being protested by Fred Chez.

Carol Barry, at 994 Sobrato drive, was granted a use permit to allow for two non-ambulatory guests in one double room in the rest home.

The application of Fred Sahadi for a parking structure at the PruneYard-Towers was continued until the next meeting.

Governmental relations study session tonight

How Campbell can take the lead in intergovernmental relations in the county will be the subject of a study session called by the city council for tonight (Wednesday) in the council chambers.

The meeting will start at 7:30 p.m. with Mayor Dean Chamberlin explaining the purpose of the session.

Steve Goodman, who served as chairman of the inter-governmental sub-committee of the citizens goals committee, will summarize the recommendations that were made by his group.

The goals committee had suggested that a steering committee be formed to study how inter-governmental relations could be improved. The committee had also asked that the city council appropriate funds for the study and to actively seek federal or state funding.

The sub-committee also emphasized the need to seek cooperation from other governmental jurisdictions in the county.

Dr. Harold Gortner, of the political science faculty at San Jose state, is scheduled to show the need for study and potential resources for implementation of study.

Eastfield buildings will be dedicated

TWO NEW buildings, one named in honor of the man who bequeathed the money to finance it, will be dedicated at 2 p.m. Saturday at Eastfield Children's center, 251 Llewellyn, Campbell. Speaker will be State Senator Alfred Alquist, active in the state mental health picture as chairman of the senate select committee on proposed phaseout of hospital services. The public is invited.

The building to be used as a day treatment center will be named for the late Harry E. Wright Jr., Matson fortune heir who willed $133,000 to the agency for Santa Clara county's emotionally disturbed children. The other building will be a residential cottage, bringing to three the number of on-grounds cottages.

The day treatment center is taking the place of a portable building brought on grounds seven years ago, when the day treatment program was established on an experimental basis.

EASTFIELD Children's center was incorporated in 1879 as the Home of Benevolence of San Jose, an orphanage. It dates back however, to 1867, with the organization of The Ladies Benevolent society of San Jose.

The move from an East San Jose location, with a large, "institutional" building (11th and Martha streets), to the Campbell location, with three smaller structures, was made in 1958. In addition to the day treatment and residential programs, Eastfield provides out-patient services and treatment in a foster home situation.

Rex Morton, A.I.A., a Cambrian area resident who is chairman of the house and grounds committee of the board of directors, will be master of ceremonies for Saturday's ceremony. After the formal dedication, there will be tours conducted by members of the staff, board of directors, the Eastfield Junior auxiliary, and the League of Eastfield.

School board calls for faculty room addition bids

Trustees of the Campbell union (elementary) school district are scheduled for call for bids this Thursday, Nov. 8, for faculty room additions at Hazelwood, Rosemary and Sherman Oaks schools.

The board meets in the district administration office at 7 p.m.

In addition to the faculty room additions, bids are also to be called for landscaping at Forest Hill school.

The trustees also are scheduled to approve the contract with George J. Wightman of Saratoga, to care for and maintain the Allendale site that is owned by the district.

The new evaluation policy that has been developed by a district committee over a period of months has been submitted to the trustees by Fred Peterson, assistant superintendent.

Peterson has recommended that the board give first reading to the new evaluation policy and eliminate the existing policy. The policy was developed under the state provisions of the Stull bill and education code with the basic purpose of establishing a uniform system of certificated employee evaluation.

It is expected that the board will authorize only one more meeting (on Dec. 6) before the end of the year.

New legislation changes city council elections to March

For the first time since Campbell was incorporated in 1952, the biennial (on the even years) city council election will not be held in April, according to City Clerk Dorothy Trevethan.

In a report to the city council, the city clerk explains that under new state legislation (SB 230), a general law city such as Campbell may only hold elections on three specific dates in even numbered years and on two special dates in the odd years.

In the even-numbered years, elections may be held in March, June and November on the first Monday after the first Tuesday.

In the odd years, elections can be held only in June and November.

The objective of the new law is to eliminate some expenses involved in the conducting of elections on a statewide basis.

Mrs. Trevethan said that the municipal election will be held on Tuesday, March 5, 1974 and that the city council must call the election at the Nov. 26 meeting.

Filing time for candidates opens on Dec. 7 and will close on Dec. 27. Voter registration for the city election closes Jan. 10, 1974.

Fireworks ban asked

Campbell city council next Monday, Nov. 12, will be asked to adopt a resolution recommending that the sale and use of fireworks in the county, except for public display, be prohibited.

Fire department officials throughout the county are spearheading the drive to put the ban into effect before July 4, 1974.

At the present time, Campbell permits the sale, possession and use of fireworks but the cities of San Jose, Palo Alto, Los Gatos, Milpitas, Monte Sereno and Los Altos Hills prohibit them.

The county has revised its ordinance and now bans fireworks. Other cities are reviewing their ordinances for possible revision.

However, fire department people point out that unless the ban is countywide it will not be effective.

This date last year:	3.76
Normal to date:	1.95
Total last year:	25.19

Where your tax revenue goes in school district

With many of the tax bills in the mail, a local school official last week issued a report on just where some 60 per cent of the tax revenues will go.

Orrin Bachelor, business manager for the Campbell union (elementary) school district, said the CUSD tax rate, $4.390 this year, is $0.329 lower than last year.

"One thing to remember," Bachelor said, "is there are three other educational tax levying agencies, so the $4.061 is not a total school tax rate." The high school district, community colleges and county schools also levy taxes.

Using the current elementary school tax rate, Bachelor said, a family with a home valued at $30,000, with assessed valuation of about $7,500 would pay taxes of $300.

The $4.061 is broken down as follows:

Retirement of Bonds	$0.289
Areawide Aid	1.007
Children's Center	.035*
School Building Loan Repayment	.206*
Meals for Needy Children	.005
Community Service	.050
General Purpose	2.469*
TOTAL	**$4.061**

*This may vary slightly in the mils.

Other local school levies are $2.125 for the Campbell union (high school) district. $0.893 for West Valley college and $0.177 for special education (county) bringing the total tax rate for education in the Campbell area to $7.256.

According to Bachelor, a family with a $30,000 home, would have a tax bill of $544.20 for educational services, or about 60 per cent of the total tax bill.

Siren sounds

NO TREAT

Two incidents were reported to Campbell police last week involving foreign matter in Halloween candy.

In one case, reported last Saturday, a youngster was given a caramel candy with a straight pin embedded in it.

The second case, involving three pieces of candy, is now being investigated. The 11-year-old Hazelwood student received the candy from a man who said, "Don't worry, it's not poisoned." The candy, which contained some foreign substance, is now at the police lab for analysis.

No cases of illness or injury to local youngsters have been reported.

OF ALL THE TIMES . . .

The burglary report taken from one homeowner last week had one curious twist.

While the home on Apricot avenue was being robbed, the owners were at a burglary alarm company seeing about installing an alarm.

Missing were a television set, tape recorder, movie camera and telephone recorder. Total value was set at $606.

Vasconcellos to hold forum

Assemblyman John Vasconcellos (D-24th district) has slated three town hall meetings in his district for this fall. The first will be held on Thursday, Nov. 8 at 7:30 p.m. at Moorpark school, 649 Thornton way, San Jose (off Moorpark avenue near the intersection of Highways 17 and 280).

"We have continued our monthly town hall meetings in the district," Vasconcellos said. "At times I am disappointed that more people cannot or won't come. To me this seems to be such a good way of getting in touch with people in the community, and they with me. We always cover a range of interests and ideas. I'm glad to stay as long as people have something to say."

Serigraphy demonstration at art league

Serigraphy, the art of silk screen, will be the subject of a lecture-demonstration at the Tuesday, Nov. 20 meeting of Cambrian Artists' league.

The meeting begins at 7:30 p.m. in the Normadin Chrysler-Plymouth building, 900 W. Capitol expresssway, San Jose.

Sylvia Murillo, currently a teacher with the Metropolitan adult education program, is guest speaker.

WVC symphony opens season in new theater

The West Valley symphony orchestra will open its current season with a concert, Saturday, Nov. 17 at 8 p.m. in the new theater on the Saratoga campus of West Valley college.

Under the direction of S. Ross Bergantz, the program will begin with Mozart's "Symphony No. 29 in A Major" written when the composer was 18 years old.

Second on the program will be "The Tragic Overture, Opus 81" composed in 1880 by Johannes Brahms.

Following intermission, the orchestra will play "The Unanswered Question" by Charles Ives. In this number, Bergantz will conduct the strings. The brass and woodwinds will be conducted by Allen Strange.

Strange has his master's of music from California State University at Fullerton, and is presently a doctoral candidate at the University of California at San Diego.

The program will conclude with "El Salon Mexico" by Aaron Copland. This work, representing the spirit of Mexico was completed in 1936.

This marks Bergantz's third season with the orchestra. He is currently coordinator of music education for San Jose unified school district, and holds a master of arts degree in conducting.

The concert is open to the public. The theater is located on the Allendale avenue entrance to the college.

Revenue-sharing funds to be discussed

(Continued from page 2)

also indicated previously that the two projects would be financed from revenue-sharing money.

R. L. CARROL of San Jose, the low bidder for the library submitted $27,258 as the bid on the community room and $21,000 for the sprinkler system.

City Manager Stephens has also estimated that $27,000 in additional funds should be allocated by the city council next Monday either from revenue-sharing or the general fund to meet the "overage" because the low bid exceeded funds on hand.

Stephens explained that this "overage" did not take into consideration the $50,000 that the council had indicated would be allowed for "contingencies".

Thus the $27,000 "overage" could be taken from either revenue-sharing or general funds.

THE LIBRARY-RELATED project that will be considered by the city council next Monday is the replacement of the present four-inch water mains by 12-inch mains on Harrison avenue between Campbell avenue and Grant.

The larger mains are necessary, city officials explain, to provide adequate fire protection for the downtown area and civic center.

It is estimated that the mains will cost approximately $15,000.

According to Stephens, the city had $619,458 in funds available for the library on June 30, including $154,458 in bond funds, $265,000 from a county allocation and $200,000 from a federal grant.

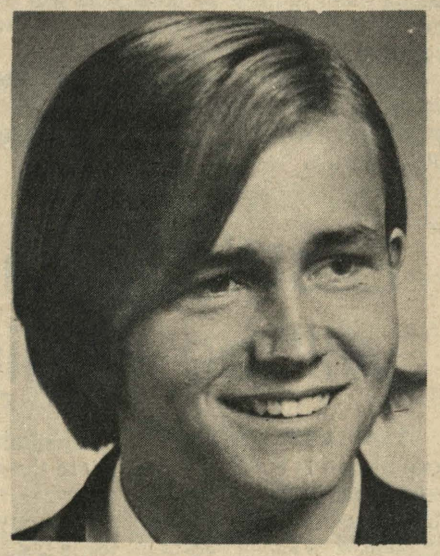
The city manager pointed out that only $8,400 was needed to pay off the service center on Gilman avenue which was financed under a lease-purchase plan. The council might use revenue-sharing money in that case also.

Even if the council allocates $100,000 for the projects that will be on the agenda next Monday, the city manager estimates there will be approximately $140,000 in revenue-sharing money that still remains uncommitted for this fiscal year.

To date the council has earmarked $163,914 for park development ($139,414 for Rincon park) from revenue-sharing.

Other projects include $55,000 for undergrounding utilities on Hamilton avenue, $15,000 for public safety equipment; $3,500 for the emergency operating center and $16,000 for the paramedic program. (The council is scheduled to call for bids for a paramedic truck next Monday.)

In the service



James Hawes Jr.

In basic training at Lackland AFB in Texas is James Hawes, Jr., son of Mr. and Mrs. James Hawes, 1821 W. Campbell ave.

Airman Hawes graduated from Prospect high school in June.

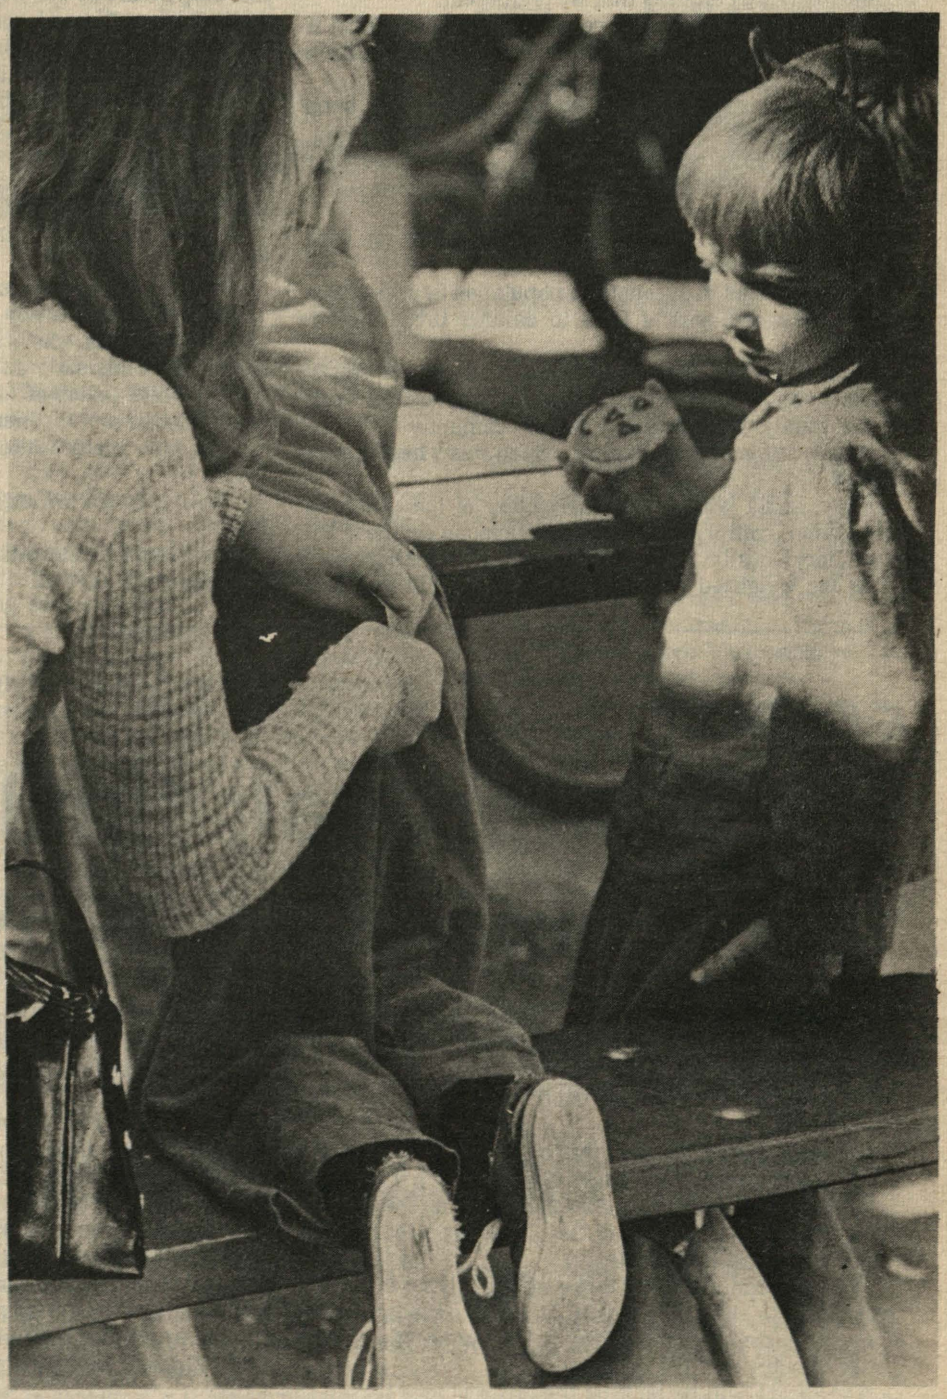
"AUNTIE MAME," Community Players fall production, opens Friday, Nov. 16, at the Saratoga Civic theater. Curtain time is 8:30 p.m. BJ Publicover (left) portrays Nora Muldoon and Jim Peterson, Patrick Dennis as a young man.

Look at 'dem Batts

Little devils ham it up

When our photographer, Bruce McClelland, arrived for the Grand Parade put on by Monroe, Moorpark and Castlemont schools last week, it had already left. Instead, he went to Castlemont school where the Halloween carnival was in progress and captured these "Little Devils."

"Here's my ticket," says Jason Batt as he tried his luck with the fish pond. Moorpark, Monroe and Castlemont schools put on a carnival and parade last week at Castlemont school. A few minutes later he reeled in his "catch."



Castlemont school. The three Batt children, Lesley, Jason and Brandon, were all decked out as "devils" at the Halloween carnival last week.

OUT ON THE LIMB

with George Vierhus

AT THE COUNTY LEVEL there are a number of associations in which the cities in the county have representation on a one-for-one basis.

Most of these groups have no real authority but are classified as advisory or discussion bodies where issues and problems can be tossed around on a countywide basis.

Obviously with the many overlapping problems and boundary lines, these informal organizations have proved their worth on many occasions.

True, at times their respective functions seem pretty inconsequential and almost entirely social.

On the other hand, just airing common problems would seem to us to be important at times.

Although, as we said, most of these groups have virtually no authority, some of them seem to carry quite a clout.

In recent years, San Jose, with 40 per cent of the county's population, has eyed its one-for-one representation on these boards with sort of a jaundiced eye.

And really we can't say that we blame 'em.

There are 15 cities in the county and we doubt that it ever has been very difficult to form some sort of coalition of the small cities against the big boys.

So something called "weighted voting" has been suggested.

—O—

"WEIGHTED VOTING" HAS NOTHING to do with poundage or scales.

It merely takes in account the population figures of the various cities and sort of tries to balance things out in some way.

At a recent city council meeting, Councilman Rusty Hammer explained how the weighted system would work on the countywide planning policy committee, if the recommendation of a committee, which Rusty heads, was adopted.

Rusty, along with Myron Alexander of the planning commission, comprise this city's delegation on the PPC which, incidentally, seems to be gaining in authority.

On the weighted proposal, San Jose would get five votes, the other large cities would get two each and all the rest of the cities in the county (Campbell, etc.) would get one each.

Hammer wanted his fellow councilmen to give him direction as to whether the weighted idea should be approved.

Campbell would have one vote if there were only 25 members on the entire group. The vote would be cast by the city's elected representative (the councilman) with the planning commissioner apparently going along for the ride.

However, to offset this "split-vote" idea it had been recommended that the committee membership be increased to 50. In that event both the councilman-delegate and the planning commissioner-delegate would each have a vote.

Rusty explained that under the 25-membership plan, the cities would vote by jurisdiction. Whereas under the 50-plan, the votes would be cast on an individual basis.

That meant, of course, that Campbell could conceivably divide its two votes with the councilman voting one way and the planning commissioner the other.

But no one felt that would be too tragic a happening.

We agree.

After all, planning commissioners and city councilmen have been known to disagree before on a city level.

And the town survived.

—O—

SOME OF YOU MAY recall the many legends surrounding the life of General George Custer, the famous Civil War and Indian fighter.

Custer was called "Chief Yellow Hair" or something like that, before he was wiped out at Little Big Horn.

We know this sounds incongruous as the dickens but we couldn't help thinking about "Chief Yellow Hair" at a recent city council meeting.

There were no shots fired nor were there any arrows flying through the air.

But as we looked up from the press table we noticed there was sort of a glint just above the head of Councilman Bill Podgorsek, who served as mayor last year.

At first we thought that it was the reflection of Bill's halo.

But then we soon realized that was not right.

But really that is not our point.

Bill Podgorsek, who is in his early 40's, has been white-haired since his early 20's.

The white thatch of his head made him appear very distinguished and distinctive.

Just how many white-haired 20-year olds have you known?

But to get back to the glint we thought we saw the other night.

We learned at intermission that it (the glint) did belong to Podgorsek after all.

Further the deponent sayeth not.

—O—

SPEAKING OF PODGORSEK (we were weren't we?), somehow the registration clerk at the hotel in San Francisco, where Bill stayed during the League of California Cities convention recently, was a little confused by the name Podgorsek.

Really we no longer are thrown by the name. It looks a lot worse than it really is. If it is divided into three syllables, POD-GOR-SEK, you have it whipped.

But to get back to that registration clerk.

For some reason the name was fouled up. Instead of Bill Podgorsek it came out as Pod Gorsek. The Bill was missing.

We have called Podgorsek "Pod" on numerous occasions.

But this was probably the first time that "Pod" was used outside the "family" as a name.

And to the credit of the hotel clerk, it must be reported that he wanted to know what "Pod" stood for.

"What kind of a name is that?" he wanted to know.

We are not sure how Bill answered the question.

But undoubtedly he made some apt response.

—O—

INCIDENTALLY, CITY CLERK Dorothy Trevethan has informed us that she understands that the city election will be six weeks earlier next year than in previous years.

Instead of in April as heretofore has been the case, the election is to be on March 5, 1974.

That means, as Dorothy points, that the filing period will be in December.

The city clerk has written for all the information and should have it soon.

Dorothy says the change came about when some state senator became provoked because there were five elections in his community in the same month last year.

He decided to do something about it.

We understand that under this new legislation a general city, such as Campbell, can only hold three elections in one year in certain designated months.

We don't know, if having five elections in one community in one month was a good enough reason to put a ceiling on elections all over the state.

But we agree with Dorothy Trevethan who claims that the city clerk in that particular community must have been mighty stupid.

Those elections should have been consolidated.

—O—

HOWEVER, THIS CHANGE in the municipal election date sort of brings things into focus (as far as the council election is concerned) sooner than a lot of people had figured.

It means that there is only about a month left for the candidates to get themselves squared away.

The terms of Ralph Doetsch and Bill Podgorsek will expire.

Ralph will have completed 12 years on the council and Podgorsek will be finishing his first term of four years.

What are the rumblings?

—O—

THERE HAS BEEN SOME criticism leveled at the city because of the traffic diversion plan that is now in effect on East Campbell avenue.

The city council has received some letters from people who object to the project and we noted that there have been a number of letters in the Merc-News by other protesters.

But the letters of protest have come from people who live outside the area for the most part.

And, you know something, we don't think anyone expected the traffic diversion plan to please those people anyway.

But what else is new?

Editorial

Bid approval: final act in a six year city drama

ONE OF THE final acts in a civic drama that began six years ago will occur, in all probability, next Monday, Nov. 12.

The council will award the contract for construction of the new library.

Six years ago, citizens of this city approved a $400,000 civic improvement bond issue.

In effect the contract for $694,382, based on the low bid submitted by R. L. Carroll of San Jose, has already been approved by the city council.

All that remains before dirt can start flying is for the supervisors to give their official blessing to the low bid — a necessary step under the joint powers of agreement between the city and the county.

The library will be built by the city and then leased to the county library system with the lease payments paying off the bonds that were voted by the citizens of Campbell in 1967.

WE IMAGINE IT was with a feeling of relief that the citizens of this community now realize that the library is going to be a reality.

There were times during the past few years that some people probably were a trifle skeptical about that fact.

In all fairness, however, it should be pointed out that the delays were not the fault of any particular agency or the city.

And the library for which the contract will be let on Nov. 12 is twice the size of the facility that was approved by the voters in 1967, although there is no more city bond money involved today than there was in 1967.

A federal grant of $200,000 was authorized, under the condition that a larger library be built which, in turn, necessitated acquiring land across the street from the city hall because the city hall site was not large enough.

Eventually the supervisors authorized an allocation of $265,000 which offset the city expenditures for site acquisition.

The new library building will also include a community room at an additional cost of $27,258 and the facility will have an automatic sprinkler system at a cost of $21,000. The council has also authorized $50,000 for contingencies.

The library will be a building of which we all will be proud and we feel certain that the long wait was worth it.

It will be an attractive addition to Campbell's civic center.

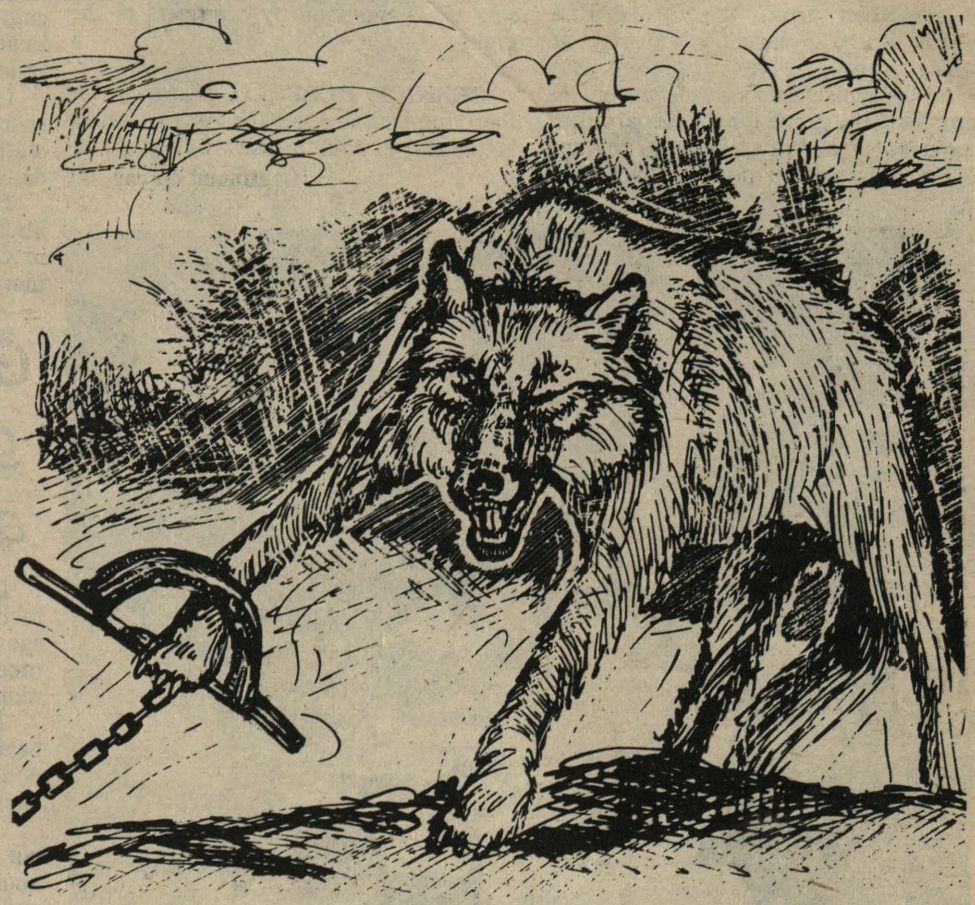
There's some criticism

Dog owners are shocked to learn their otherwise gentle pets attack livestock at night

A modern day Daniel Boone: a predatory animal hunter



Dogs that kill cattle and sheep are trapped and released to owners of the livestock or to the pound, but not killed

By SUSAN COHEN

ANIMAL TRAPPERS did not go out of style with Daniel Boone.

Santa Clara county has its own full-time predatory animal hunter, a man who protects livestock from the molestation and people from the annoyance of wildlife. He responds to complaints, hikes out to set traps, kills skunks and coyotes and removes other animals to remote areas.

It is an activity that has caused wildlife lovers in other parts of the state to howl in protest.

"We've gotten some criticism in Fresno," admitted Grant Birminghan, the state supervisor for this county's official animal hunting. "And after this article appears, I guess we'll get some down here too."

Santa Clara county has participated in the predatory animal hunting program for over 15 years, according to Birmingham. All three levels of government cooperate, the U.S. Bureau of Sport Fisheries setting the guidelines, the state Department of Agriculture providing the hunter and administering the program, and the county paying the hunter's $13,361 annual salary.

WHEN THE PROGRAM began, the county's ranchers called on the hunter to trap and kill coyotes, bobcats, wildcats and dogs who threatened poultry and cattle.

Now, much of the hunter's work is residential, capturing skunks and raccoons that tear off screens, dump garbage cans or, in one case, set off burglar alarms.

"The main animals we deal with now in Santa Clara county are dogs that kill cattle and sheep," Birmingham said.

"We trap them and release them to the owner of the livestock or to the pound, we don't ever kill them," he said.

Two years ago, according to Birmingham, dogs caused $15,000 worth of damage in one night on a local ranch, killing four steers, crippling four others and leaving one steer badly chewed.

"They're not wild dogs, they're household pets that aren't controlled," Birmingham said. "And they don't run in packs, it can be just two or three dogs," he added.

But, he said, dog owners refuse to believe their otherwise gentle pets attack livestock at night and are often upset to find their dog has been trapped.

THE TRAPS USED are steel-jawed, devices that have brought down the wrath of animal lovers who say animals often will die in unattended traps, animals are killed which were not the intended prey, and that some animals will chew off a leg in desperate and panicked attempts to free themselves.

"We'd prefer not to use them," Birmingham admitted. But, he said, the type of trap used for smaller game, a box trap which lures the animal into a cage which shuts behind him, is impractical for trapping dogs or coyotes.

"A lot of dogs are smart enough they won't go into a box," Birmingham said. He added that on far-flung ranches, large box traps are too difficult to carry several miles over the terrain. And, he said, "Big dog traps cost $65 apiece and they're stolen as soon as they're put out." He said the steel traps used, would not break bones.

Richard Enfantino, the man who sets the traps in this county, said he uses many more box traps than steel traps and that steel traps are not used in residential areas where other pets or children could stumble on them. He said he checked steel traps daily, but that he relies on people to call when animals are caught in box traps.

He said he had only trapped about 10 coyotes in the two years he has been trapping. Coyotes are shot.

The only other animal he destroys, he said are skunks because of the high occurrence of rabies.

PART OF Enfantino's duties include trapping skunks in county parks to check for rabies. While in those parks, he said, he has seen much evidence that wildlife is still plentiful in Santa Clara county, including bobcats, wild cats, and wild boar.

Enfantino said he was "not much of a hunter," before he took his present job. He was formerly a metal spinner.

But he likes being a trapper, he explained, because "it's a service and I'm outdoors and it's always different."

He gets calls referred to him by the county animal control bureau daily which send him anywhere in the county.

"I'm not there unless there's a request," Enfantino said.

Birmingham, his supervisor, is also quick to defend the program.

"It kinda depends on whose ox is being gored," he said. "The people who object to trapping coyotes or dogs mostly have not experienced any losses from these animals.

Energy crisis / # *Jail may be heated by oil this winter*

WHEN WINTER comes creeping into the county, it better come on foot and not using any electricity or gas.

The county General Services administration, trying to predict the effect of energy shortages on county operations at the request of Supervisor Vic Calvo, has painted an uncertain future.

County operations will probably not be unduly disrupted by energy shortages for the near future," the report says. But, it adds, "The county should take steps to voluntarily curtail energy consumption wherever possible on an ungoing basis."

The report recommends that the county develop an emergency plan for use in an energy crisis.

The crunch is expected to come in natural gas and gasoline.

The Santa Clara Valley Medical center, the jail, and the service center on Berger drive are expected to be heated by oil for up to 12 days this winter when the natural gas supply runs short.

Last winter, the medical center resorted to oil on six cold days and the jail on two.

Which brings up the problem of the county's oil contract, which expires in January, 1974.

The report warns that other counties have been forced to sign new contracts which include 24 hour notice by the supplier to announce a price increase.

Electricity is not expected to be a problem, the report says, although the county might reduce comsumption voluntarily at the request of PG and E.

Diesel, of which the county uses relatively little, may be cut because of the dwindling reserves of natural gas and that means the heat at the service center might be reduced "for several days during the coming winter if fuel is in very short supply."

And, the report warns: "Energy suppliers see a long period of higher costs."

Suggestions made to the board of supervisors for conserving energy include turning off non-essential lighting and equipment and keeping the buildings at standard 72 degree winter heating high and a summer cooling low of 76 degrees.

The department is also studying the possibility of ordering smaller county cars and setting up shuttle buses between county buildings.

Our Town

by JoAnn Zoller

SEVEN BUS LOADS of people, nearly 300 altogether, from the CAMPBELL MOOSE LODGE recently enjoyed an evening cruise of San Francisco Bay aboard the cruise ship Harbor Queen. As members of the group dined on board they enjoyed a spectacular view of the bay and San Francisco skyline made possible by an exceptionally clear night. Topping off their evening was a breakfast served at the lodge.

A Christmas boutique sponsored by the WOMEN OF THE MOOSE, will be 7 to 10 p.m. every Monday, Thursday and Friday now through Dec. 15, at the lodge hall, 785 McGlincey ave. All the items offered for sale are handmade by members of the group.

BERNICE HUBBELL, secretary for the Campbell fire department, is feeling better and is back to work following sur-

(Continued on page 9)

SPECIAL INVITATIONS are going out for the Saturday, Nov. 10 dedication ceremonies at Eastfield Children's center in Campbell. Preparing the invitations are, from left, Mrs. Francis Conrad and Mrs. Stephen Goodman, both of Campbell, Mrs. Burton Wines, San Jose, Mrs. Betty Normandin, Cupertino and Mrs. Kenneth Iwagaki, Monte Sereno. Two buildings, a day treatment center and a residential cottage, will be dedicated at the 2 p.m. ceremonies. State Senator Alfred Alquist will be guest speaker.

Westmont happenings

Litter problem at local high school gets worse

By DIANE DONIELSON

Contrary to popular belief, Westmont is still standing. There has been a marked increase in the number of fire alarms this past week leading to the belief that Westmont has gone up in a cloud of smoke. Yet we're still here!

UPCOMING NEWS AND EVENTS

Tuesday was a big day for GAA. The swim team finals were held at Campbell high school. Results were not known at press time yet we have it on authority that Westmont was supposed to do well. Tennis also had their finals. Due to lack of good tennis courts, finals were held at various places, depending on the team's standing. Saratoga high school hosted one set of teams.

This Friday we face Blackford on home territory. The game will begin at 2:45 p.m. The reason for the earlier start is because daylight savings time ended last week. Darkness will be descending sooner.

THE LITTER CRITTERS

Student council has reported that the campus at Westmont is becoming progressively messier. The students are not picking up their trash. Last vear we had the same problem and a drastic measure was taken — brunch was removed.

Brunch is considered a privilege and not a right — thus the administration can take it away. There was a flag system last year in which the cleanliness of the school was evaluated daily. There was talk of going back to that system. It was not met with enthusiasm from the students and so alternate methods are being discussed.

TOP HUSKER

A former student of Westmont has gained fame and promises to gain much more. Dave Gillespie graduated last year and now attends the University of Nebraska. He is the star of the freshman team, having gained the most yards rushing and leading in kickoff returns.

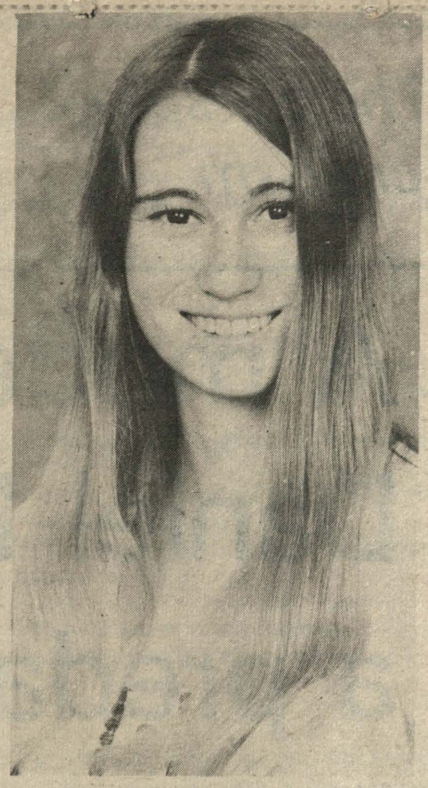
The coach of the Cornhuskers sees great promise in Gillespie and predicts that he will see a lot of varsity action next year. It's good to know that a student from Westmont has made good in this world.

Engagement announced

Mr. and Mrs. Ray McVea chose the occasion of a champagne party at their home on Peregrino way to announce the engagement of their daughter Debbie to Brad Baldwin, son of Mr. and Mrs. Jack Baldwin of San Jose.

Debbie, an alumna of Willow Glen high school, is presently attending San Jose state university and is employed at a local department store.

Brad is also a graduate of Willow Glen high school and is attending the University of California at Berkeley where he is a member of Pi Kappa Phi.



Debbie McVea

Goodfriend is guest speaker at luncheon

Dr. Roger Goodfriend, twice a volunteer with Project Hope, will be guest speaker at the Monday, November 12, meeting of the women's auxiliary, community hospital, Los Gatos-Saratoga.

The talk will be preceded by a luncheon beginning at 11:30 a.m. in the Saratoga youth center, 19655 Allendale ave., Saratoga.

Goodfriend will show slides and tell of his experiences through his services aboard the U.S.S. Hope in Brazil in 1972 and early this year.

Book fair held at Castlemont school this week

Castlemont school is holding their third annual book fair this Thursday, Friday and Saturday, Nov. 8, 9, and 10. Sale hours are 8:50 a.m. to 3 p.m. Thursday and Friday, and 10 a.m. to 1 p.m. Saturday.

The school is located at 3040 E. Payne ave.

Action center to organize emergency group

An emergency services program, to serve Campbell, Los Gatos, Saratoga and Westside areas, is being organized, according to Helen Jones, coordinator of the Voluntary Action Center council.

Both professional and lay volunteers are being sought to staff the program and training sessions for interested individuals gets underway Tuesday, Nov. 13, from 9 a.m. to noon at the Los Gatos Red Cross building, 18011 Saratoga-Los Gatos road.

A second session will be held on Wednesday, Nov. 14, from 7 to 10 p.m.

Volunteers from all age groups are being sought, according to Mrs. Jones, and further information can be obtained by calling 244-5252.

Target date for instituting the new program is Jan. 1.

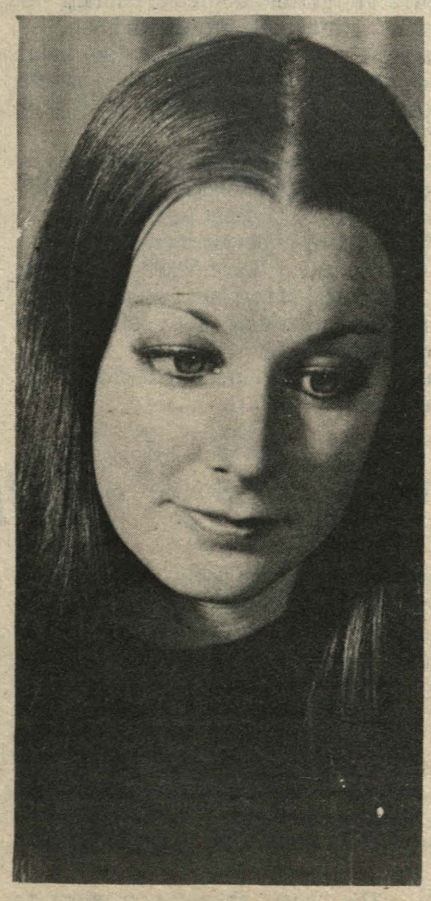
Support for the program has come from the West Valley Progressive Senior center, West Valley Mental Health association and Los Gatos Health department. Campbell Methodist church has also expressed strong support, according to Mrs. Jones.

Pamela Pyle Resch is guest pianist at First B

Pamela Pyle Resch, daughter-in-law of Mr. and Mrs. Fran Resch, 2109 Abbey lane, is the guest performer Friday, Nov. 16 at 7:30 p.m. at the First Baptist church, 800 Ironwood drive, San Jose.

The young pianist, rated in the top four nationwide by the Music Teacher's National association, will perform selections from Bach, Haydn, Beethoven and Chopin. She makes her European debut in London, at Wigmon Hall, Dec. 18.

The program is open to the public without charge.



Pamela Resch

Kaleidoscope

CAMPBELL GARDEN CLUB

A workshop for Christmas tree lane will be held at the Wednesday, Nov. 14 meeting of the Campbell Garden club beginning at 10:30 a.m. at Campbell Congregational church, 400 W. Campbell ave.

Visitors are welcome. For more information call 378-6374.

O.E.S.

Campbell chapter 553, O.E.S. meets this Friday, Nov. 9 at 8 p.m. in the IOOF hall, 276 E. Campbell ave. Worthy Matron Topsy Thompson and Worthy Patron Ray Thompson will preside.

WOMEN'S SOCIETY OF CHRISTIAN SERVICE

"What's New," is the theme of the Thursday, Nov. 15 meeting of the Women's Society of Christian Service of the First Methodist church of Campbell.

A luncheon will be served at noon in the fellowship hall by the Sarah Circle of the church.

ANTI-DEFAMATION LEAGUE

The eleventh annual Silver and Gold dinner will be held by the Anti-Defamation league of San Jose this Sunday, Nov. 11, at the San Jose Hyatt House.

ORCHARD CITY GRANGE

A bazaar is planned by Orchard City Grange this Saturday, Nov. 10 at the Grange hall, 109 N. First st. Hours are 10 a.m. to 5 p.m.

Grange members are also planning a birthday dinner on Tuesday, Nov. 13 at 6:30 p.m. in the Grange hall.

FRIENDS OUTSIDE

The Wives club of Friends Outside will hold a Christmas bazaar on Wednesday, Nov. 14, from 9:30 a.m. to 3:30 p.m. at 712 Elm st., San Jose.

HEAD START "SEW-IN"

Volunteers from the Santa Clara county Head Start program will hold a workshop on Monday, Nov. 12 at Bethel Lutheran church, 10181 Miller ave., Cupertino beginning at 9:30 a.m.

Clothing will be made for Head Start youngsters at the day long workshop. The finished articles will be distributed during the holiday season at the 15 centers throughout the county.

SIGMA PHI GAMMA

Proceeds from the benefit dinner-dance by Sigma Phi Gamma this Saturday, Nov. 10, will go to purchase equipment for Stanford Children's hospital, according to spokesmen for the sorority.

The event gets underway at 7 p.m. at Lou's Village in San Jose.

For information and reservations call 266-3646.

CLEFT PARENT GROUP

A three-day boutique sale will be held this Friday, Saturday and Sunday, Nov. 9, 10 and 11, at the Southside community center, 5575 Cottle road, San Jose.

The event, sponsored by the Cleft Parent Group, inc. will be held from 9 a.m. to 5 p.m.

Proceeds go to a medical assistant fund to aid parents of children born with a cleft lip or cleft palate.

GRAND OFFICERS of the State of California, International order of Job's Daughters will be installed this Saturday, Nov. 10, in San Jose. Dorothy Boswell, past bethel guardian of bethel 298, Campbell, will be installed Grand Guardian and Robert Sherwood, past associate bethel guardian of bethel 5, Anaheim, will be Associate Grand Guardian. The 50th installation ceremonies will be held at the San Jose civic auditorium.

Film, play preview at Westmont PTSA

"Guidance for the 70's" is the title of a film offering at the first meeting of the Westmont high school PTSA on Wednesday, Nov. 14, at 8 p.m. in the school library.

After the film, a panel made up of Westmont counselors the school psychologist and two seniors representing the student council, will conduct a question and answer period.

Following the program, the audience will get a "sneak preview" of the upcoming senior class play, "Harvey."

Casting set for 'Alice in Wonderland' production

Tryouts for the Campbell Civic Actors Seminar Theater (CAST) production of "Alice in Wonderland," will be held Tuesday and Wednesday, November 13 and 14, in the Blackford school cafetorium, 1970 Willow, San Jose.

Audition times are 3:30 to 6 p.m. both days for children and adults.

Singers should bring their own music, according to Director Lee Auray. An accompanist will be provided.

"FUNNIEST" costume winner Jeff Ceraci.

Three tons of food sought for Indians' Thanksgiving

The Willow Glen high school environmental studies class is working with the American Indian council of Santa Clara valley to obtain three tons of food for more than 700 Indian children at the council's Thanksgiving feast.

Canned hams, frozen turkeys, canned fruits, vegetables and meats, as well as staples like flour, sugar and noodles, are especially sought. All food except turkeys should be non-perishable, the group advises.

Toys and clothing will also be accepted.

Donations can be brought to the Willow Glen recycling center, 1165 Minnesota ave., next to the library, Saturday Nov. 10 from 8 a.m. to noon.

WINNER for her witch costume, Debbie Szymanski.

Bohnett school students win in costume parade

Over 200 students took part in the costume parade at Bohnett school last week at the annual Halloween party.

Winners of the costume contest were: Todd Horrisberger, most original, silver robot costume; Robin Atchison, prettiest, can-can dancer costume; Debbie Szymanski, her witch costume won "ugliest"; and Jeff Geraci, who took funniest honors as a pot-bellied hillbilly.

Our Town

(Continued from page 8)

gery last month at O'Connor hospital.

MR. AND MRS. GERALD SNIDER of Peter Drive will be hosts this weekend to Wendy Moore, Charlotte Graham, Renee Updegraff, Marjorie Bartolome and Sue Green who are members of "Young Friends" a musical group from Fresno State University.

The Snider's daughter CINDY, a student at Fresno State, is also a member of the group which will perform at the Sunday morning service of the First United Methodist church of Campbell.

Hop on over!

St. Lucy's Youth Council will hold a 50's Record Hop this Saturday, Nov. 10 from 8 to 11 p.m. in the church hall, 2350 Winchester boulevard. Admission is 50 cents.

U.N. Day

Rolling Hills school goes 'international'

Rolling Hills school went international recently with the inner courtyard decorated with flags from different lands, native dances and desserts from foreign countries for the junior high students.

United Nations day at the local school was celebrated with an afternoon of activities including performing groups, students and teachers in native costume, a "mountain" of desserts and cookies and 13 and a half cases of soft drinks.

Organized by Mrs. Gerry Cassinelli, social studies teacher, the students prepared for the event by studying the history of the U.N. Major emphasis of the event, according to Principal Robert Turk, was to give students a better insight and appreciation of the roll of the U.N. in today's international scene.

For the noon lunch period, the district tood service personnel prepared and sold foods with an international flavor. Throughout the afternoon 100 cream puffs, 100 chocolate eclairs, 100 Napoleons, 150 candy apples, 50 Bunuellos, and 50 Emplanadas were consumed, according to Mrs. Cassirelli.

A group of Mexican dancers, coordinated by Margaret Ota, started the afternoon activities by performing dances of their culture. Greek dancers, headed by Marina Moustakas performed as well as American Indian dancers, featuring A. Gracia and his son.

A combo from San Jose city college performed representing black culture while a rock band from Westmont high school entertained the students during the noon hour.

INDIAN DANCES were among the activities on the local junior high school campus as Rolling Hills students celebrated U.N. Day.

ROLLING HILLS principal Robert Turk is shown above with U.N. Day chairman Mrs. Gerry Cassinelli. The junior high students celebrated the occasion with songs, dance and food from different lands.

West Valley hikers head for Trinity Alps

Mountain climbing in the Trinity Alps is one of 25 weekend trips planned by the West Valley hiking club during their fall program.

According to group spokesmen the trips include backpacking, bicycle touring and beginning cross country skiing, in addition to the climbing trips.

Cost of the three and four day trips ranges between $17.50 and $25, said Director Leon Berthiaume, and include meals, transportation and some equipment.

Six bicycle tours are in the works and include jaunts to the Marin county wine country, the gold towns in the foothills of the Sierras and a tour of Point Reyes national seashore.

Yosemite is the site of beginning ski seminars this November and December and backpacking trips are planned for Ripsaw Ridge in the Matterhorn Peak area and the Cathedral Lakes region of Yosemite.

Trips are open to youths from 12 years and up and travel groups range from 10 to 20 individuals, including adult leaders and guides.

For more information contact the club at 374-3311. The new hiking club Wilderness Center is located at the corner of 3rd and Grant streets in Campbell.

Bookmobile makes five stops in Campbell area this week

Five locations in the Campbell area are on the weekly schedule of the Santa Clara county bookmobile.

The "literary collection on wheels," carries both fiction and non-fiction and a special children's section. Library cards for any of the Santa Clara county branch libraries are good for the bookmobile. Residents of San Jose are now eligible to register as borrowers also.

Mondays from 3 to 4 p.m. the Bookmobile is in the Los Ranchitos area at Calado and Ensenada.

On Thursday the vehicle arrives at San Tomas Village near Elam avenue at 2:45. At 3:45 p.m. it swings up to the Fairlands area, on Theresa near Virginia avenue.

The Cambrian area is served by the Bookmobile on Fridays from 2:15 to 3 p.m. at the Cambrian shopping center while the White Oaks area is visited from 3:15 to 4 p.m. Fridays at Holmes and Emerson avenue.

BANQUET SPEAKERS Ron Colburn and Ken Aubineau, manager and coach of the 1970 Campbell Little League finalists at Williamsport, are shown above at the recent Little League banquet held in San Jose.

Wheelchair bound Girl Scouts parade

The Halloween costume parade at Vasona park last week was unique in that the participants were all in wheelchairs.

The girls, members of Chandler Tripp Girl Scout troop 89, attended the parade and party given by Girl Scout troop 311.

MEMBERS of the West Valley hiking club prepare to walk across the steep snow fields in the Tantulus range in British Columbia. This fall some 25 weekend trips are planned by the local club.

CAMPBELL PERFORMER Cindy Snider, second from right, is a member of "Young Friends" a group of Fresno state university students, performing this Sunday, Nov. 11 at the First United Methodist church. The group will perform at the 9 and 10:30 a.m. worshop services. The church is located at 1685 Winchester boulevard.

WVC trustees investigate project

The Board of Trustees for the West Valley joint community college district took a first step Thursday night to investigate a joint construction project with the city of Santa Clara. The project would construct facilities to be used by both the college and the city.

Board action asks the West Valley Advisory committee, a group of lay citizens, to investigate the fiscal and legal feasibility for jointly financing the public facilities on the soon-to-be developed Mission campus site at the north corner of Bayshore freeway and Coffin road.

Such facilities as a 1000-seat theater, a swimming pool, tennis courts, a football stadium, handball courts, and an archery range will be considered by the citizen group.

Superintendent-President James P. Hardy reported that financing could possibly be arranged through the redevelopment plan for Bayshore North project in Santa Clara.

In other actions the Board:

• Heard a first reading on a proposal to hire a full time director of cooperative work experience in order to increase work experience for all students. Currently there are 661 students enrolled in work experience programs which allow West Valley college credits to be granted.

WHAT LOOKS like it could be the Transylvania Drum and Bugle Corps was actually the Westmost high school marching band celebrating Halloween. Band members wore masks, giving an eerie effect to their Halloween half-time, at the game with Prospect. (Photography by Gordon Lew)

obituaries

LAURITZ FEDDERSEN

Funeral serivces were held last Wednesday for Laurtiz Feddersen, 95, who died here Oct. 24.

A native of Denmark, he was a member of Grand lodge of Dania-Denmark, 2.

Surviving is his wife Hansine Feddersen of Campbell. He was the father of the late Lenore Elwood and Ernest Feddersen, brother of Mrs. Emily Winholt of Illinois; grandfather of Mrs. Joan Good of Mission Viejo; Richard Elwood of Santa Clara, Ernest Feddersen of Redwood City and four great grandchildren.

Inurnment was in Woodlawn cemetery, Colma.

ANNA ABRAHAM

Services were held Friday for Anna M. Abraham, 87, who died Oct. 30, after an illness.

A 25-year resident of the county, her home was at 30 N. Milton st.

Prior to coming to California she lived in Oregon where she was employed as a clerk.

She was a member of the First United Methodist church of Campbell and the Campbell chapter O.E.S., 553. Surviving is a daughter, Virginia Howard of Campbell; a son, Kenneth M. Abraham of Hood River, Oregon; and three sisters, Avis Oaken of Santa Clara, Faye Schultz and Hill Templeton. both or Oregon.

Darling-Fischer Campbell Memorial chapel handled local arrangements.

Inurnment was in Los Gatos Memorial park.

CYRIL APPEL

Funeral services were held Friday for Cyril Appel, retired San Francisco attorney, who died here Oct. 30. His home was at 1563 Dry Creek road.

Appel practiced law for 52 years before his retirement eight years ago. He was employed by Market Street Railway.

A native of San Francisco and life-long resident of California, he was 81.

He was a member of the American Legion, American College of Trial Lawyers, the Olympic Club of San Francisco and Native Sons of the Golden West.

Surviving is his wife, Margaret Appel of Campbell, two sons, John W. Appel of San Jose and Lt. Col. Cyril W. Appel of Ft. Knox, Kentucky; and five grandchildren.

Lima Family Erickson Memorial Chapel handled local arrangements.

Interment was in Mountain View Cemetery in Piedmont.

CATHERINE COLLINGHAM

Services were held in Los Altos Monday for Catherine Collingham, 64, who died Oct. 31, after a short illness.

A native of Redwood City, she was employed as chief accountant for the La Hacienda restaurant in Monte Sereno for 20 years. Her home was at 1458 Capri drive. Her parents came to the Santa Clara Valley at the turn of the century from Italy.

Surviving is her son, George R. Collingham, of Palo Alto, and a sister Ernestine Holbrook of San Mateo.

Burial was in Alta Mesa Memorial Park.

NOTICE TO DESTROY WEEDS

NOTICE IS HEREBY GIVEN that on October 29, 1973, pursuant to the provisions of Section 17.54.020 of the Campbell Municipal Code, the City Council passed a resolution declaring that all weeds growing upon any private property or in any public street or alley, as defined in Section 17.54.010 of the Campbell Municipal Code, constitute a public nuisance, which nuisance must be abated by the destruction or removal thereof.

NOTICE IS FURTHER GIVEN that property owners shall without delay remove all such weeds from their property, and the abutting half of the street in front and alleys, if any, behind such property, and between the lot lines thereof as extended, or such weeds will be destroyed or removed and such nuisance abated by the City authorities, in which case the cost of such destruction or removal will be assessed upon the lots and lands from which, or from the front or rear of which, such weeds shall have been destroyed or removed; and such cost will constitute a lien upon such lots or lands until paid, and will be collected upon the next tax roll upon which general municipal taxes are collected. All property owners having any objections to the proposed destruction or removal of such weeds are hereby notified to attend a meeting of said City, to be held in the Council Chambers of the City Hall, City of Campbell, oh Monday, December 10, 1973, at 8:00 o'clock P.M., when and where their objections will be heard and given due consideration.

ORDINANCE NO. 918

BEING AN ORDINANCE OF THE CITY OF CAMPBELL AMENDING SECTION 5.20.010 OF CHAPTER 5.20, TITLE 5 OF THE CAMPBELL MUNICIPAL CODE, ENTITLED BUSINESS, PROFESSIONS AND TRADES, AND PROVIDING FOR THE GRANTING OF FRANCHISES FOR COMMUNITY ANTENNA TELEVISION SYSTEMS, TERMS AND CONDITIONS FOR THE OPERATION OF THE SAME AND FEES THEREFOR.

The City Council of City of Campbell does ordain as follows:

SECTION ONE: That Section 5.20.010 of Chapter 5.20, Title 5, of the Campbell Municipal Code, entitled Business, Professions and Trades, and providing for the granting of franchises for community antenna television systems, terms and conditions for the operation of the same and fees therefor, be, and the same is hereby amended to read as follows:

5.20.010 — Definitions. For the purpose of this ordinance, the following terms, phrases, words, abbreviations, and their derivations shall have the meaning given herein. When not inconsistent with the context, words used in the present tense include the future tense, words in the plural number include the singular number, and words in the singular number include the plural number.

(1) "City" shall mean the City of Campbell, a municipal corporation of the State of California, in its present incorporated form or in any later reorganized, consolidated, enlarged or re-incorporated form.

(2) "Council" shall mean the present governing body of the City or any future board constituting the legislative body of the City.

(3) "Franchise" shall mean and include any authorization granted hereunder in terms of a franchise, privilege, permit, license or otherwise to construct, operate and maintain a CATV system in the City. Any such authorization, in whatever term granted, shall not mean and include any license or permit required for the privilege of transacting and carrying on a business within the City in accordance with the provisions of Chapter 5.20, Title 5 of the Campbell Municipal Code.

A Cable Television Sustem (or CATV system) is any facility that, in whole or in part, receives directly or indirectly over the air, and amplifies or otherwise modifies the signals transmitting programs that are broadcasted by one or more television or radio stations and distributes such signals by wire or cable to subscribing members of the public who pay for such service. Such term shall not include (1) any such facility that serves fewer than fifty (50) subscribers, or, (2) any such facility that serves only the residents of one or more apartment dwellings

LEGAL NOTICE

Continued from page 13

under common ownership, control or management, and commercial establishments located on the premises of such an apartment house.

Any installation which serves more than fifty (50) units must have a franchise to operate. A developer with fifty (50) units or more has two options. (1) He may choose to acquire service from a CATV franchise holder. (2) He may choose to apply for his own nonexclusive franchise. The City requires a franchise fee from any holder of a franchise, based upon his gross receipts. The fact that there may not be a separate charge for use of the system by customers is immaterial. The installation of such a system is costly and fees would be based upon such costs.

The developer who wishes to apply for a franchise to operate a Cable System must be aware that in addition to City Council approval, he must also comply with FCC Rules and Regulations. The FCC Rules are quite extensive and require a Certificate of Compliance if the system falls within the above definition. The developer should acquaint himself with the FCC Rules to determine whether or not he is bound thereby.

(4) "Grantee" shall mean the person, firm or corporation to whom or which a franchise, as hereinabove defined, is granted by the Council under this ordinance, and the lawful successor, transferee or assignee of said person, firm or corporation.

(5) "Street" shall mean the surface of and the space above and below any public street, road, highway, freeway, lane, path, alley, court, sidewalk, parkway, or drive, now or hereafter existing as such within the City.

(6) "Property of Grantee" shall mean all property owned, installed or used by a grantee in the conduct of a CATV business in the City under the authority of a franchise granted pursuant to this ordinance.

(7) "CATV" shall mean a community antenna television system as hereinafter defined.

(8) "Community Antenna Television System" shall mean a system of antenna, coaxial cable, wires, wave guides, or other conductors, equipment or facilities designed, constructed or used for the purpose of providing television or FM radio service by cable or through its facilities as herein contemplated. CATV shall not mean or include the transmission of any special program or event for which a separate and distinct charge is made to the subscriber in the manner commonly known and referred to as "pay television."

(9) "Subscriber" shall mean any person or entity receiving for any purpose the CATV service of a grantee.

(10) "Gross Annual Receipts" shall mean any and all compensation and other consideration in any form whatever and any contributing grant or subsidy received directly or indirectly by a grantee from subscribers or users in payment for television or FM signals or service received within the City.

ORDINANCE NO. 917

BEING AN ORDINANCE IMPOSING A SALES AND USE TAX TO BE ADMINISTERED BY THE STATE BOARD OF EQUALIZATION AND PROVIDING PENALTIES FOR VIOLATIONS, AND AMENDING CHAPTER 3.32, TITLE 3, OF THE CAMPBELL MUNICIPAL CODE.

The City Council of the City of Campbell does ordain as follows:

Section 3.32.010. Short Title. This ordinance shall be known as the Uniform Local Sales and Use Tax Ordinance.

Section 3.32.020. Rate. The rate of sales tax and use tax imposed by this ordinance shall be ninety-one hundreds of one per cent (.91 of 1%).

Section 3.32.030. Operative Date. This ordinance shall be operative on January 1, 1974.

Section 3.32.040. Purpose. The City Council hereby declares that this ordinance is adopted to achieve the following, among other, purposes, and directs that the provisions hereof be interpreted in order to accomplish those purposes:

(a) To adopt a sales and use tax ordinance which complies with the requirements and limitations contained in Part 1.5 of Division 2 of the Revenue and Taxation Code;

(b) To adopt a sales and use tax ordinance which incorporates provisions identical to those of the Sales and Use Tax Law of the State of California insofar as those provisions are not inconsistent with the requirements and limitations contained in Part 1.5 of Division 2 of the Revenue and Taxation Code;

(c) To adopt a sales and use tax ordinance which imposes a tax and provides a measure therefor that can be administered and collected by the State Board of Equalization in a manner that adopts itself as fully as practicable to, and requires the least possible deviation from the existing statutory and administrative procedures followed by the State Board of Equalization in administering and collecting the California State Sales and Use Taxes;

(d) To adopt a sales and use tax ordinance which can be administered in a manner that will, to the degree possible consistent with the provisions of Part 1.5 of Division 2 of the Revenue and Taxation Code, minimize the cost of collecting city sales and use taxes and at the same time minimize the burden of record keeping upon persons subject to taxation under the provisions of this ordinance.

Section 3.32.050. Contract with State. Prior to the operative date this city shall contract with the State Board of Equalization to perform all functions incident to the administration and operation of this sales and use tax ordinance; provided, that if this city shall not have contracted with the State Board of Equalization prior to the operative date, it shall nevertheless so contract and in such a case the operative date shall be the first day of the first calendar quarter following the execution of such a contract rather than the first day of the first calendar quarter following the adoption of this ordinance.

Section 3.32.060. Sales Tax. For the privilege of selling tangible personal property at retail a tax is hereby imposed upon all retailers in the city at the rate stated in Section 3.32.020 of the gross receipts of the retailer from the sale of all tangible personal property sold at retail in this city on and after the operative date.

Section 3.32.070. Place of Sale. For the purposes of this ordinance, all retail sales are consummated at the place of business of the retailer unless the tangible personal property sold is delivered by the retailer or his agent to an out-of-State destination or to a common carrier for delivery to an out-of-State destination. The gross receipts from such sales shall include delivery charges, when such charges are subject to the State sales and use tax, regardless of the place to which delivery is made. In the event a retailer has no permanent place of business in the State or has more than one place of business, the place or places at which the retail sales are consummated shall be determined under rules and regulations to be prescribed and adopted by the State Board of Equalization.

Section 3.32.080. Use Tax. An excise tax is hereby imposed on the storage, use or other consumption in this city of tangible personal property purchased from any retailer on and after the operative date for storage, use or other consumption in this city at the rate stated in Section 3.32.020 of the sales price of the property. The sales price shall include delivery charges when such charges are subject to State sales or use tax regardless of the place to which delivery is made.

Section 3.32.090. Adoption of Provisions of State Law. Except as otherwise provided in this ordinance and except insofar as they are inconsistent with the provisions of Part 1.5 of Division 2 of the Revenue and Taxation Code, all of the provisions of Part 1 of Division 2 of the Revenue and Taxation Code are hereby adopted and made a part of this ordinance as though fully set forth herein.

Section 3.32.100 Limitations on adoption of State Law. In adopting the provisions of Part 1 of Division 2 of the Revenue and Taxation Code, wherever the State of California is named or referred to as the taxing agency, the name of this City shall be substituted therefor. The substitution, however, shall not be made when the word "State" is used as part of the title of the State Controller, the State Treasurer, the State Board of Control, the State Board of Equalization, the State Treasury, or the Constitution of the State of California; the substitution shall not be made when the result of that substitution would require action to be taken by or against the City, or any agency thereof rather than by or against the State Board of Equalization, in performing the functions incident to the administration or operation of this ordinance; the substitution shall not be made in those sections, including, but not necessarily limited to, sections referring to the exterior boundaries of the State of California, where the result of the substitution would be to provide an exemption from this tax with respect to certain sales, storage, use of other consumption of tangible personal property which would not otherwise be exempt from this tax while such sales, storage, use or other consumption remain subject to tax by the State under the provisions of Part 1 of Division 2 of the Revenue and Taxation Code, or to impose this tax with respect to certain sales, storage, use or other consumption of tangible personal property which would not be subject to tax by the State under the said provisions of that code; the substitution shall not be made in Sections 6701, 6702 (except in the last sentence thereof), 6711, 6715, 6737, 6797, or 6828 of the Revenue and Taxation Code; and the substitution shall not be made for the word "State" in the phrase "retailer engaged in business in this State" in Section 6203 or in the definition of that phrase in Section 6203.

Section 3.32.110 Permit Not Required. If a seller's permit has been issued to a retailer under Section 6067 of the Revenue and Taxation Code, an additional seller's permit shall not be required by this ordinance.

Section 3.32.120 Exclusions and Exemptions. There shall be excluded from the measure of tax:

(a) The amount of any sales or use tax imposed by the State of California upon a retailer or consumer.

(b) The storage, use or other consumption of tangible personal property, the gross receipts from the sale of which has been subject to sales tax under a sales and use tax ordinance enacted in accordance with Part 1.5 of Division 2 of the Revenue and Taxation Code by any city and county, county, or city in this State.

(c) The gross receipts from sales to, and the storage, use or other consumption of property purchased by, operators of common carriers and waterborne vessels to be used or consumed in the operation of such common carriers or waterborne vessels, principally outside this city.

(d) The storage or use of tangible personal property in the transportation or transmission of persons, property or communications, or in the generation, transmission or distribution of electricity or in the manufacture, transmission or distribution of gas in intrastate, interstate or foreign commerce by public utilities which are regulated by the Public Utilities Commission of the State of California.

Section 3.32.130. Exclusions and Exemptions.

(a) The amount subject to tax shall not include any sales or use tax imposed by the State of California upon a retailer or consumer.

(b) The storage, use, or other consumption of tangible personal property, the gross receipts from the sale of which have been subject to tax under a sales and use tax ordinance enacted in accordance with Part 1.5 of Division 2 of the Revenue and Taxation Code by any city and county, county or city in this State shall be exempt from the tax due under this ordinance.

(c) There are exempted from the computation of the amount of sales tax the gross receipts from the sale of tangible personal property to operators of waterborne vessels to be used or consumed principally outside the city in which the sale is made and directly and exclusively in the carriage of persons or property in such vessels for commercial purposes.

(d) The storage, use, or other consumption of tangible personal property purchased by operators of waterborne vessels and used or consumed by such operators directly and exclusively in the carriage of persons or property of such vessels for commercial purposes is exempted from the use tax.

(e) There are exempted from the computation of the amount of the sales tax the gross receipts from the sale of tangible personal property to operators of aircraft to be used or consumed principally outside the city in which the sale is made and directly and exclusively in the use of such aircraft as common carriers of persons, or property under the authority of the laws of this state, the United States, or any foreign government.

(f) In addition to the exemptions provided in Sections 6366 and 6366.1 of the Revenue and Taxation Code the storage, use or other consumption of tangible personal property purchased by operators of aircraft and used or consumed by such operators directly and exclusively in the use of such aircraft as common carriers of persons or property for hire or compensation under a certificate of public convenience and necessity issued pursuant to the laws of this state, the United States, or any foreign government is exempted from the use tax.

Sections 3.32.140. Application of Provisions Relating to Exclusions and Exemptions.

(a) Section 3.32.130 of this ordinance shall become operative on January 1st of the year following the year in which the State Board of Equalization adopts an assessment ratio for state-assessed property which is identical to the ratio which is required for local assessments by Section 401 of the Revenue and Taxation Code, at which time Section 3.32.120 of this ordinance shall become inoperative.

(b) In the event that Section 3.32.130 of this ordinance becomes operative and the State Board of Equalization subsequently adopts an assessment ratio for the state-assessed property which is higher than the ratio which is required for local assessments by Section 401 of the Revenue and Taxation Code, Section 3.32.120 of this ordinance shall become operative on the first day of the month next following the month in which such higher ratio is adopted, at which time Section 3.32.130 of this ordinance shall be inoperative until the first day of the month following the month in which the Board again adopts an assessment ratio for state-assessed property which is identical to the ratio required for local assessments by Section 401 of the Revenue and Taxation Code, at which time Section 3.32.130 shall again become operative and Section 3.32.120 shall become inoperative.

Section 3.32.150. Amendments. All subsequent amendments of the Revenue and Taxation Code which relate to the sales and use tax and which are not inconsistent with Part 1.5 of Division 2 of the Revenue and Taxation Code shall automatically become a part of this ordinance.

Section 3.32.160. Enjoining Collection Forbidden. No injunction or writ of mandate or other legal or equitable process shall issue in any suit, action or proceeding in any court against the State or this City, or against any officer of the State or this City, to prevent or enjoin the collection under this ordinance, or Part 1.5 of Division 2 of the Revenue and Taxation Code, of any tax or any amount of tax required to be collected.

Section 3.32.170. Penalties. Any person violating any of the provisions of this ordinance shall be deemed guilty of a misdemeanor, and upon conviction thereof shall be punishable by a fine of not more than $500.00 or by imprisonment for a period of not more than six months, or by both such fine and imprisonment.

Section 3.32.180. Severability. If any provision of this ordinance or the application thereof to any person or circumstance is held invalid, the remainder of the ordinance and the application of such provision to other persons or circumstances shall not be affected thereby.

Section 3.32.190. Repeals. Ordinance No. 113, adopted on the 24th day of September, 1956, is hereby repealed; provided however, that said ordinance, as amended, shall remain applicable for the purposes of the administration of said ordinance and the imposition of and the collection of tax with respect to the sales of, and the storage, use, or other consumption of tangible personal property prior to January 1, 1974, the making of refunds, effecting credits, the disposition of monies collected, and for the commencement or continuance of any action or proceeding under said ordinance.

Bills in mail

Lower bite for taxes

THE 1973-74 property tax bills are ready for owners of homes and other real estate in Santa Clara county, according to C. Carl Martin, county assistant director of finance, treasurer-tax collector.

In this county his office serves as the central collection agency for local property taxes for all cities, schools and special service districts. This allows consolidation of many taxes into one tax bill.

Over 315,000 tax bills will be in the mail by Nov. 1, Martin said.

This year the bills total about $374 million dollars, a decrease of $5 million from last year. The decrease is largely due to the higher homeowners' exemption of $1,750 of assessed value allowed this year as compared to only $750 last year, he explained.

From all tax monies received, about 61.5 per cent will be distributed to schools, 22.8 per cent to county government, 10.3 per cent to cities and the remainder of 5.4 per cent to various special districts, Martin estimated.

THE TAXES can be paid by mail or in person at Room 107, First Floor, County Administration building, 70 W. Hedding st., San Jose 95110.

Martin recommended that taxpayers avoid the traditional long lines and congestion in his office during tax season and send their payment by mail. Martin also suggests early mailing of taxes to avoid the stiff 6 per cent penalty required by law. Last year $370,000 in penalties were added to payments mailed after the deadline.

For approximately 170,000 homeowners the tax statements are merely for information because their taxes are paid as part of

Rutgers saves Viking 0-0 soccer tie with Canada

Only the brilliant defensive play of goalie Rick Rutgers kept the West valley college soccer squad from sinking to their second straight loss last Tuesday night at Municipal stadium where the Vikes tied two time defending state champ Canada 0-0.

Rutgers, an ex-Westmont star, was utterly brilliant in the Viking goal to preserve the tie that may have clinched the Camino Norte conference championship for West Valley.

The Vikes can wrap up their first conference championship Tuesday evening against Alameda at Muni in another 7 p.m. contest. WVC beat Alameda 8-0 in the first time the two squads met.

For Rutgers, last Tuesday night's performance was his third shut-out of the season. And he probably never earned one as much as he earned this one.

Although the Vikes outshot Canada in the game 28-27, it was Canada that really controlled the offensive play, taking several point blank shots of the Viking net.

Twice in the first half Canada took shots that appeared destined to end up in the back of WVC's net.

On a breakaway, a Canada player dribbled to within eight yards of the Viking goal, drawing Rutgers out of the net. But just as he took his shot at an open WVC goal, fullback Bruce Conrad (Los Gatos) slid in front of the shot, deflecting it out of bounds.

Minutes later a Canada player cut loose with a sizzling shot headed for the upper right corner of the Viking goal. But Rutgers, leaping high into the air, deflected the ball just outside the goal post with one hand.

In the second half Canada continued their assault on the Viking goal, nearly breaking up the scoreless tie twice.

Rutgers made a super stop of one shot aimed right at the heart of the West Valley goal and deflected another strong shot just over the crossbar.

While Canada was taking several deadly aims at the Viking goal, West Valley really didn't ever take a strong shot the whole night, thanks mainly to some string defensive work by the Canada fullbacks.

West Valley's defense was also sharp, expecially the play of fullbacks Casey High (Saratoga) and Conrad and halfback Denny Scott (Saratoga), who did a stellar job controlling the middle of the field for WVC.

The tie was the second of the season for West Valley and it marked the first time this year they had failed to score in a game.

Vikes run string to 33 wins

Matt Sommer and the West Valley college cross country team finished the 1973 Camino Norte conference season in similar fashion — undefeated.

In fact, Sommer was perhaps the main reason the Vikings went undefeated in CNC action for the fourth consecutive year, extending their phenomenal winning streak to 33 straight races.

The Vikes' win string is currently the second longest such streak in the state of California.

Sommer helped the Vikes' win their 32nd and 33rd in a row recently by blazing to a new course record 23:26 at the 4.5 mile Redwood Regional park course against Foothill and Canada.

Led by the ex-Leigh star, the Vikes easily beat Foothill 22-35 while Canada finished way out of the money with 81 points.

Sophomore Mike Morris (Camden), one of WVC's most consistent runners in 1973, finished second with a time of 24:05.

Four other Vikes also finished in the top 10. Arturo Tello (Santa Clara) bagged fifth (24:41), Pete Dinno (Westmont) nailed down eighth (25:36), Tony Gutierrez (Wilcox) placed eighth (26:01) and Bill Oliver (Del Mar) finished ninth (26:06).

The remainder of the Viking squad that claimed its 33rd straight win included Scott Dugan (Saratoga) 13th, Scott Bradley (Prospect) 14th, Greg Swift (Branham) 15th and Ken Berg (Saratoga) 23rd.

Of those 10 Viking harriers, just Morris, Tello and Oliver are sophomores.

Records fall at Camden in WVAL dual meet

Course records fell like autumn leaves last week when the Camden high school cross country team annihilated Blackford in West Valley athletic league competition.

The Cougar varsity topped Blackford 16-45 and the freshmen whipped the Braves 15-45. Camden also won on the sophomore and junior varsity levels, both by forfeit.

Tom Alarcon led the Camden varsity show by snapping his own course record by three seconds with a first place in 11:40. Alarcon was followed home by Wayne Burdick, 11:55, Ray Ochoa, 11:56, and Steve Hawkins, 12:06, in the second through fourth spots. Fritz Moga copped sixth, Dirk Jeanis seventh and Tim Siggins 10th.

The Camden varsity also set a new school record for team time at 59:52, breaking the old mark by 43 seconds.

In frosh activity, Winston Skeeland led a record breaking performance with a winning time of 12:31. Lonnie Hanson was second, Ed Tico third, Larry Gomez fourth and Ken Snyder fifth to round out the sweep. The new team record is 64:44.

Kevin Heilman ended eighth, Ed McDonald 10th and Tom Cooper 11th.

Bill Akers led the Camden jv's with a 12:57 clocking. Dan Cochran was second at 13:13, Kevin Soulsby third at 13:17, Jim Hagamen fourth at 13:25, Vic Bialkowski fifth at 13:54, Bill McClure sixth at 13:55, Steve Tengelsen seventh at 14:01, Russ Gibbons eighth at 14:01 and John Hernandez ninth at 14:04.

Bob Paulin posted a new course record in the sophomore class, covering the Cougar distance in 12:01, shattering the old mark by 13 seconds.

Paul Cooper was second at 12:16, Paul Loweecey third at 12:33, Larry Ruyf fourth at 12:53, Jim Richardson fifth at 13:20, Steve Hickman sixth at 13:25, Luke DiFalco seventh at 13:31 and Andy Smith eighth at 13:32.

The sophs also notched a team course mark with their 63:03, trimming 15 seconds off the old standard.

Seers look to good week

People around the Santa Teresa athletic league must be starting to realize that we really know our stuff when it comes to predicting high school football scores!

With the score of the important Lincoln-Pioneer game not in at presstime, we had picked 32 winners in 37 games in the STAL for a stunning .820 average. And things don't look like they'll get much worse.

This week we're confident when we say that Leland, Pioneer and Lincoln will all nab STAL wins. Leland will whip San Jose by 12 Friday at 2:45 p.m. at Leland and Pioneer will take Live Oak by 18 at the same time at Pioneer. Saturday Willow Glen will fall by eight to the Lions at 7:30 p.m. at San Jose city college.

We're not bragging too much about our West Valley athletic league record but we're still plugging away.

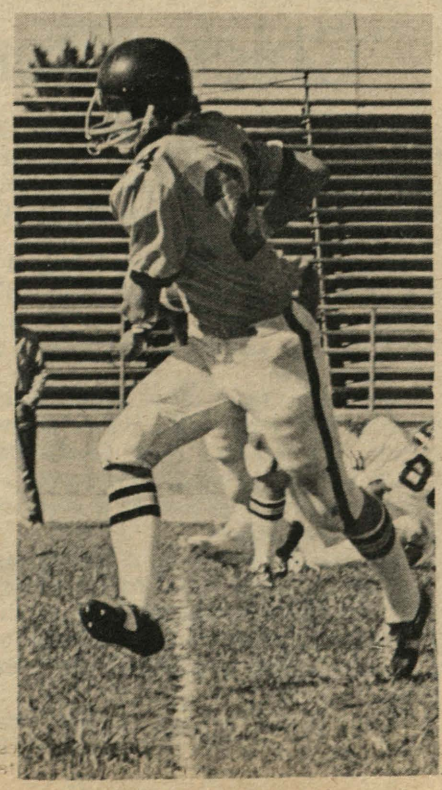
In action this week, Prospect will fall to host Del Mar by six, Blackford will lose by eight to home team Westmont, Camden will dip to visiting Campbell by 18 and Leigh will trip to visiting Los Gatos by six.

In night action, Saratoga will crunch Branham by 14 at 8 p.m. at the Los Gatos high field.

★ Press athlete of the week ★

KIRK POPPEY
DEL MAR DONS
Football . . . running back-defensive back

If it wasn't for a Poppey touchdown, the recent Del Mar-Campbell football game would have ended in a scoreless tie. But Poppey did score a Don Touchdown. And because of it, Del Mar claimed a 6-0 victory over the previously unbeaten Bucs and notched their first win over the Campbell club in over a decade.



For his efforts against Campbell, Poppey has been picked the Campbell PRESS athlete of the week. Because he has been named this week's top athlete, Poppey will receive a free pizza at the Straw Hat pizza parlor, 1400 W. Campbell ave., and a picture of himself in action.

Poppey gained 54 yards on 19 carries in the Don win but it wasn't as a ball carrier that he scored the six pointer. On fourth down at the four, Poppey broke into the open and hauled in a Mickey Plesha pass for the game winning touchdown.

Late in the game Campbell was driving and Poppey was beaten by big Buc tight end Tom Guardino. But the Don left his feet to haul in the game clinching interception and secure the Del Mar triumph.

Others considered for this week's honor were Ross McCannon and Scott Felmdan of Prospect, Pat Owens of Westmont and Dave Pursey of Camden.

On the hot corner

By DICK SPARRER
Sports Editor

The annual West Valley college alumni basketball game is only two weeks away and former Viking star Bob Burton is already oiling his cane for a little hardwood action.

Burton no doubt will need a cane, and maybe an oxygen tent before it's over, if he plans to see much duty in the game against the Viking youngsters.

Burton, currently a successful high school coach at Willow Glen, will be the oldest player between the baselines November 23 when the Vikes host the oldtimers at Campbell high at 8 p.m.

It was back in the season of 1938-39, according to a WVC flyer on the game, that Burton romped up and down the court as a Viking guard. But the trouble is, the school just dates back to 1964!

So "oldtimer" Burton is just telling everyone that it was a typographical error that put him on the '38-39 team. That's tough to imagine judging by the butch haircut he sported in the flyer picture . . . everyone knows the butch went out in 1940!

o o o

Compassion is seldom found on a football field — not even on the high school level. But Billy Buss of Oak Grove made a giant stride for football humanitarianism a few weeks ago in action against James Lick.

Buss, a star receiver for the Eagles, caught a pass near the sidelines and was catapulted out of bounds on the Lick edge of the field.

Headed straight for a Comet lettergirl, Buss dropped the football and grabbed the girl gently as he bumped her on the sidelines. By taking the shock of the collision with his arms, Buss saved the girl from possible injury.

The Eagles pass catcher just took his kind gesture in stride and headed back to the huddle just as though it was all part of the play. Why he even gave the young Comet miss the infamous athlete's fanny pat, certainly just as a reflex action .. . at least everyone thought it was reflex action!

o o o

When rating football receivers for postseason glories or college or professional play, scouts tend to notice their moves, their speed and whether or not they have good hands. Well, if any scouts were around Oak Grove high school last Friday, Bruce Kentera had to be tops in the great hands-no wheels category.

Along with his duties as the basketball boss for the Eagles, Kentera handles the Oak Grove football stats and must hike the sidelines every ballgame.

Last Friday when the Eagles hosted Silver Creek, a Bill Christopher (OG quarterback) pass was nearly intercepted by a Raider but bounded off of his shoulder pad. Alertly, Kentera snagged the pass as it soared out of bounds.

But as quickly as he snatched the ball out of the air, Kentera coughed up the football to the nearest official before any contact-minded Raider looked his way.

o o o

The quote for the month of October comes from San Jose high football coach Bill Weiler's wife. After a recent football game, I called the Weiler home to get the results of the action but the coach was not yet there. When asked whether the Bulldogs had won or lost that day, Mrs. Weiler replied, "I don't think they won because he didn't call me after the game and that's usually a bad sign. It doesn't matter, though — we're going wine tasting tonight!"

o o o

Consider the plight of former major leaguer Henry B. "Benny" Tate who died October 27 at the age of 72. Tate was a major leaguer from nine years, starting his career in 1924, and boasted a lifetime average of .279. In 1927 he hit .313, in 1924 .302 and in 1930 .326. He played for the Chicago Cubs, Boston Red Sox, Chicago White Sox and Washington Senators.

But when he passed on last week, all that was mentioned was that he was the catcher behind the plate in 1927 when Babe Ruth smacked his 60th home run.

Think of the worries that could cause Cincinatti's Johnny Bench if Henry Aaron hits 714 against the Reds and he's behind the plate. Imagine two time MVP Bench going down in baseball history as the catcher who didn't catch the pitch Aaron hit for 714.

PAL titles on line Sunday in San Jose championships

Four San Jose championships will be up for grabs Sunday when the San Jose police athletic league footballers take to the PAL field near Story and King roads to determine local gridiron superiority.

Titles will go to teams in Pee Wee, Junior Midget, Midget and Junior Bantam competition.

Sunday action will begin at 9:30 a.m. when the Oak Grove Ramblers meet the West Valley Gridiron Club Bobcats for the Pee Wee crown.

A play-off was held last Sunday between the Milpitas Green Knights and the WV Cougars in Junior Midget action. The winner of that game meets the Oak Grove Renegades Sunday at 11 a.m. for the San Jose title.

In Midget play, the ABOY Wranglers will battle the De Anza Lancers at 1 p.m. with the city title on the line.

The final title of the day will be decided when the Almaden Braves battle the Northwest Youth Athletic Club Black Rattlers at 3 p.m. for the Junior Bantam title.

Two weeks later the SJ PAL field will be the site of the Northern California champioships. Local teams will be involved in the action.

Spartan kickers host Chico after UCLA visit

After a weekend jaunt to southern California to meet UCLA, the San Jose state university soccer squad will return this week for a tough bout against 1972's small college runner-up team — Chico state.

Chico will visit the Spartans Friday at 8 p.m. in Spartan stadium. The final SJSU home game is the following Friday, November 16, against the University of San Francisco.

San Jose is fresh off of a third place finish at the Washington Huskie soccer classic. The Spartans edged Seattle university 1-0, lost to runner-up Westmont 1-0 and took host Washington 3-2 in overtime for their third place.

Ken Zylker scored the first goal against Washinton to start SJSU on the victory road. Tony Rosa scored San Jose's second goal in the game and Tony Suffle scored on a penalty kick in overtime to clinch the win.

It was Rosa's goal against Seattle that paced the Spartan win in their opener. In their second bout, San Jose outshot Westmont 27-8 but failed to score. Gary St. Clair notched the shut-out in the goal against Seattle.

Jim Zylker leads SJSU scorers with six goals and five assists. Suffle is second at five and three and Rosa and Joe Giovacchini have four goals each. Ken Davis has scored three.

Samaritan doctors vs. employees

It will be the Good Samaritan Hospital doctors against the employees Saturday night, November 10, when "The Godfathers" meet "The Untouchables" in a basketball game scheduled for 8 p.m. in the Leigh high school gym.

Petite and pretty Terice Chase of the x-ray department's technologist staff has volunteered to coach the doctors. Guiding the employees team will be controller William (Bill) Riggs.

Even though the main event promises to be more entertainment than a sports event, half-time entertainment is being planned by Pat Goodnight of the medical laboratory staff. All will be along the roaring 20's theme set by the team names.

This is the second year for the basketball game, arranged by the Employees' Advisory Committee of the hospital. Money raised will go into a fund to buy items for the hospital.

Vike grid dynasty near end? Backs to wall for winning year

The end of a four year dynasty is quickly coming to a close for the West Valley college Vikings.

The Vike's chances of claiming their fifth consecutive Camino Norte conference championship were dealt a severe blow recently when DeAnza was dumped by Contra Costa, 24-14.

By winning, Contra Costa remained the only unbeaten team in the league with just two games left. If DeAnza had beaten CCC, the Vike's title hopes would still be glimmering since the Vikings have to play the Dons. They have already been beaten by CCC earlier in the season.

West Valley will concentrate on avoiding their first losing season in seven years Saturday evening at Foothill college when they take on those Dons in a 7:30 p.m. contest.

By losing to the college of San Mateo recently, 30-6, the Vikings are dangerously close to their first losing season since 1966 when they were 3-6 in the old Coast conference.

Their overall record is 2-5. They must win their final three games of the year just to come away with a break even 5-5 season.

Against San Mateo, a non-conference battle, it was another case of the Viking defense being hurt by the big play.

"The whole defense did a real good job," head coach John Nicholas contended. "It's just the big plays that continue to hurt us."

The Vikes were also hurt by the loss of quarterback rick Mallman (Prospect), who was injured in the second quarter and didn't see action the rest of the night.

Freshman back-up quarterback Tim Smith (Westmont) did a capable job of filling in for Mallman, although he did have three passes picked off. Smith completed seven of 23 passes for 128 yards and the lone Vike score of the night.

Down 16-0 in the fourth quarter, Smith unloaded a 40 yard TD strike to Dave Johnstone (Prospect), momentarily putting WVC right back in the game.

For Johnstone, who caught three passes on the night for 53 yards, it was his fifth touchdown reception of the year.

But unfortunately for the Vikes, their running woes returned once more. Roger Cantrell (Branham) was the top Vike rusher with 47 yards in 16 carries. Chuck Patterson (Del Mar) was shackled to just 13 yards on nine carries.

West Valley's best offensive performance came from tight end John Baggerly (Los Gatos), who snared three passes for 70 yards and did an outstanding job of blocking.

Defensively, Nicholas singled out Ken Padia (Leigh), Steve Smith (Los Gatos), Harold Robertson (Del Mar), Rick Soulsby (Camden), Ernie Espinoza (Wilcox), Dave Mrdutt (Leigh) and Prent Ridley (Leigh) for turning in stellar efforts.

After their battle with rival DeAnza, the Vikes close out their 1973 season the following Saturday night against Foothill college at Foothill.

'Wait until next year' for Vike polomen after loss to Dons

Well, it's "wait until next year" again for the West Valley college water-polo squad after their disastrous 12-0 loss to perennial loop champ De Anza recently.

The loss not only snapped a six game winning streak the Vikes took into the contest, but also blemished their previously unbeaten conference record and left the Dons all alone at the top of the Camino Norte conference.

"They are just a good water-polo team," praised Viking coach Gene Nyquist. "Their defense was our undoing."

The game marked the first time this season that West Valley had failed to score.

The Vikes complete their regular CNC season Friday at home against Foothill in a 3 p.m. contest.

WVC followed their stunning loss to De Anza with a doubleheader loss to Cabrillo and Cerritos the next day.

After battling Cabrillo to a 2-2 stand-off at halftime, the Vikes wound up dropping a 9-3 decision.

Blake Hinman (Lick) scored twice and Paul Hendrickson (St. Francis) popped in one to account for WVC's scores.

A couple of hours later the Vikes were back in the pool and this time lost a 10-8 decision to Cerritos.

Hinman regained his shooting eye and drilled in six goals in nine attempts to top WVC in scoring and run his season total to 92 goals in 21 games.

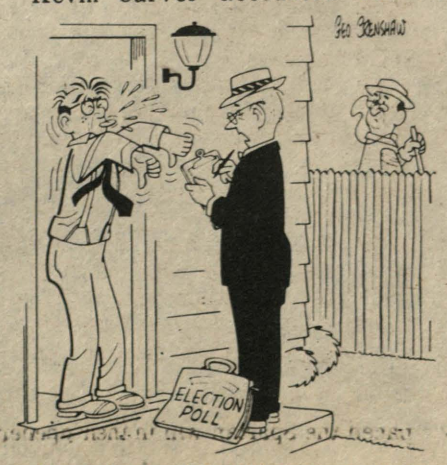
Kevin Carver accounted for the remaining two goals West Valley tallied.

Chris Hathaway (Buchser), after having a rough first half in which he allowed seven goals, played brilliantly the second half. The ex-Bruin all-American stopped six of nine shots Cerritos took in the second half, including a penalty shot.

Defensively, Steve McFarland (Branham), Hendrickson, Dirk Wierema (Santa Clara) and Mark Lord (Wilcox) were all singled out by Nyquist for turning in stellar performances.

CAZZIE RUSSELL
GOLDEN STATE WARRIORS
Forward

Dubbed "Super Sub" while with the New York Knicks from 1966-71, Russell became an NBA all-star for the first time in his career with the Warriors last year. In his first season with the Warriors he averaged 21.4 points a game. He slumped to 15.7 last season. A three time all-American from Michigan, Cazzie was a first round draft of the Knickers in 1966. In his five seasons with New York he scored 4,584 points. His single game high is 43 points, which he accomplished in 1971 against Baltimore. 1972 RECORD— GOLDEN STATE: G, 80; FGM, 541; ATT, 1,182; Pct. .457; FTM, 172; ATT, 199, Pct., .864; REB, 350, AST, 187, TP, 1,254; AVE., 15.7, HG, 37.



"JUST A SIMPLE 'YES' OR 'NO' IF YOU PLEASE, SIR."

Sports swap

The first gathering of sports collectors in northern California will be held from noon to 5 p.m. on Saturday, November 10, in the multi-purpose room at Acalanes high school, 1200 Pleasant Hill road, Lafayette.

The school is located two blocks north of Highway 24, which runs between Oakland and Walnut Creek. Motorists should take the Pleasant Hill road exit from either direction to reach the school.

Fifty cents admission will be charged to help offset costs of publicizing the gathering, which organizers hope will become at least an annual event. Collectors of all types of sports memorabilia — including cards, autographs, photographs, programs, yearbooks and other publications—will attend to get acquainted and buy, sell and trade material.

Card collecting is among the nation's fastest growing hobbies in the sports field. Collectors range in age from pre-teenagers, who buy player cards with bubble gum at the neighborhood store, to senior citizens, who began collecting cards in the days before World War I.

First quarter explosion lifts Dons to easy win over Braves

The Del Mar Dons set the tone of the afternoon last Saturday as early as their first possession against the Blackford Braves. And the Dons went on to score an easy 38-7 victory over Blackford to post their second West Valley athletic league win in as many weeks.

The Dons scored three first quarter touchdowns against Blackford to put the Braves out of the ballgame from the start.

Neal Robb capped a drive of Del Mar's first time with possession when he scored on a 15 yard run.

"The kid ran through five or six guys — it looked like he was running through fly paper," said coach Jim Clifton. "But he ran through all of them because he could just smell the goalline. From then on we went like crazy."

Mickey Plesha threw to Wade Fernside for eight yards and DM's second score and ran a yard for their third. Jeff Harris kicked a pair of extra points.

Blackford put their only touchdown on the boards in the third period when Tom Blandford crashed in from 10 yards away. Joe Sanchez kicked the extra point.

Del Mar answered that score with three more TDs before the final gun. Fernside scored on a 20 yard pass from Plesha and intercepted a Brave pass for a 45 yard touchdown. Second string quarterback Andy Gurrola tossed a 20 yarder to Lou Valetta for the final score.

Clifton cited defensive end Curtis Smith for "his best game of the year. He just played super. He's just a junior and has a lot of good football ahead of him."

Fernside and Ron Tedesco were singled out for top defensive efforts and Ken Bondelie for his work at offensive guard. Plesha was seven of 11 for 77 yards in the air and Kirk Poppey gained 60 yards on 12 carries to lead all rushers.

Warriors defense tough but miss TD opportunities

The Westmont Warriors should have known it wasn't going to be their night last Friday when they allowed Los Gatos to run off just 13 plays in the entire first half and still went into the lockerroom trailing 6-0.

The Wildcats, thanks largely to the Warriors' inability to cash in on scoring opportunities presented them, went on to beat Westmont 20-6 in West Valley athletic league action.

The loss dropped the Warrior's loop record to a dismal 1-5. Westmont has an excellent shot at picking up win number two of the year Friday afternoon at home when they host the lowly Blackford Braves in a 2:45 p.m. contest.

"We moved the ball real well," noted a disappointed Don Stagnero, Warrior head coach. "We should have won."

In the first half, while Los Gatos ran just 13 plays and made them count for six points, the Warriors had drives stall at the Los Gatos five, 12 and eight yard lines. They also had a sure touchdown pass dropped by their receiver.

But despite all of their adversity, the Warriors were still in the game at the half and came back in the third period to tie it up.

Chuck Warada capped a 75 yard drive with a two yard bull into the endzone that momentarily knotted things up at 6-6.

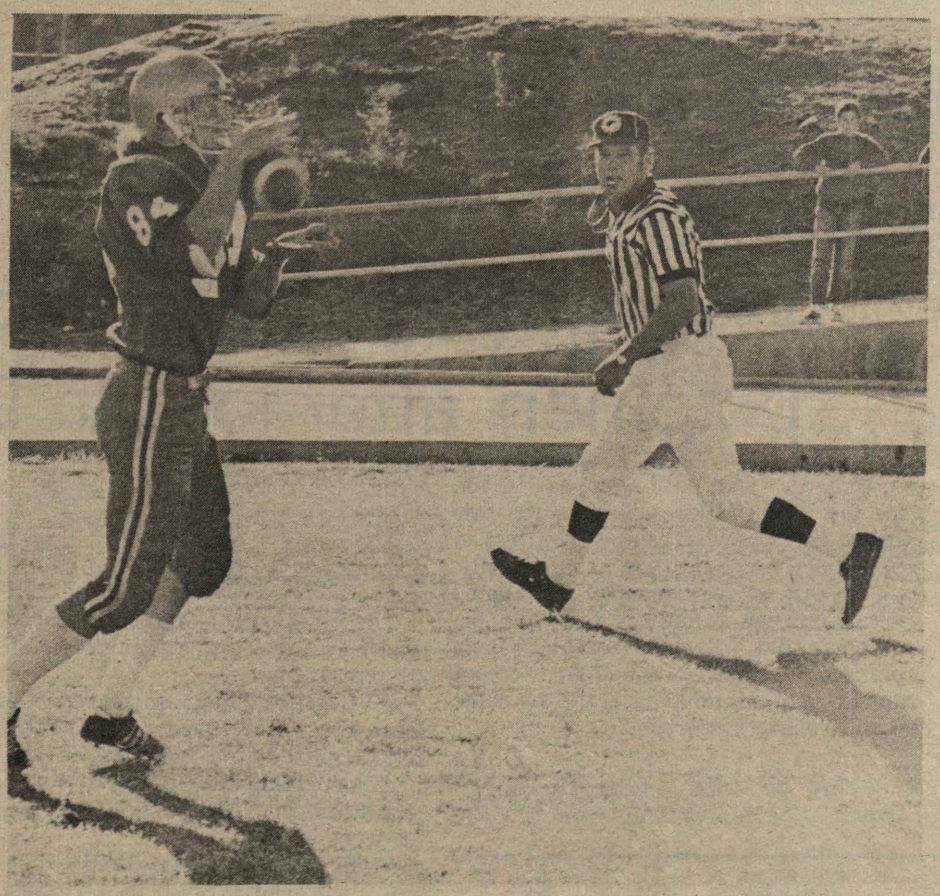
Pat Owens, who rushed for over 100 yards in the game, and fullback Jerry Porter keyed the drive with some tough running. Owens had runs of 11 and 12 yards to pick up clutch first downs that kept the march alive.

But after shackling Los Gatos' rushing game to just 45 yards, the Wildcats decided to go to the air and found it more to their liking.

Going almost strictly with the pass, Los Gatos erupted for 14 points in the final minutes of the fourth quarter.

Aside from the fourth period, the Warrior defense played an excellent game. The defensive line, led by Charlie Fought, Pat Sampino, Tom Expinosa and Tim Bauers, and linebackers Sheldon Henderson and Tom Biggam all turned in stellar performances according to Stagnero.

Stagnero also singled out Henderson and Bauers for doing an excellent job of blocking on the Warrior's offensive line.



PAYDIRT GRAB — Prospect's Nick Bibich catches a Brad Guenther pass for six points against Camden in WVAL action last Friday. Bibich's catch gave Prospect a 7-7 halftime tie with Camden but the Panthers went on to fall 27-7 to the Cougars.

Big second half lifts Cougars to comeback victory over Prospect

With an explosion of points in the second half, the Camden Cougars turned what had been a close game at the intermission into an easy West Valley athletic league victory last Friday when they whipped Prospect 27-7 in loop action.

The visiting Cougars and their hosts went in at the break tied 7-7. But three second half TD's gave Camden the win.

Prospect scored in the first half on a short pass from quarterback Brad Guenther to Nick Bibich. For Guenther, it was his fourth TD pass of the season.

But it wasn't enough to top the fired up Cougars. Camden scored on a pair of quarterback sneaks, a blocked punt and a halfback pass to clinch the win.

Scott Greco blocked a punt for Camden and picked up the loose ball to register a 20 yard touchdown run.

Gordon Storga scored for the Cougars on a 20 yard halfback pass from Dave Pursey and qb Steve Wilson punched in a pair of sneaks near the goalline for paydirt.

The Cougars have the tough task of battling the Campbell Bucs Friday at 2:45 p.m. Camden will host the Bucs who, after winning their first five games, have lost their last two. Camden has won their last two after losing their first five.

Prospect will hit the trail to meet the high riding Del Mar Dons for a 2:45 p.m. contest. DM has a two-game win string going for them.

Bucs fall from race

The race is virtually over in the West Valley athletic football league now after Campbell's 18-8 loss to Saratoga last Friday.

The loss left Campbell two games off of the torrid pace set by the unbeaten Falcons and all but clinched the WVAL title for Saratoga for the second straight year.

"We played good defense against them," noted a disappointed Buc coach, Al Matthews. "But we just couldn't get going offensively."

Campbell did do an excellent job of containing Saratoga's powerful offense for a little more than three full quarters.

And heading into the final period the Bucs led 8-6, thanks to a five yard touchdown pass from Jim Knight to Tom Guardino and a two point conversion featuring the same pair in the second quarter.

Sports

But 'Toga rallied for a pair of touchdowns within a space of four minutes late in the final quarter to pull out their sixth straight league win of the season.

Despite the loss, the Buc defense can be proud to claim that they're the first team this season to hold Saratoga under 30 points. And they stand as the first club in the WVAL to hold the fearless Falcons under 35!

Saratoga won their non-league opener 33-14 over Willow Glen and have gone up from there. In their next five victories they scored 42 against Camden, 36 against Leigh, 50 against Westmont, 51 against Prospect and 48 against Los Gatos.

Campbell, now in the midst of a two-game losing streak after winning their first five, will try to get back on the winning track Friday at Camden in a 2:45 p.m. clash with the Cougars.

Camden, while Campbell has been losing the past two weeks, have been winning, 12-6 over Branham and 26-7 over Prospect. The Cougars, just reversing the Buc season, had lost their first five before winning two.
